Re: Extension of the Winter Moratorium

Dear Chairperson Curran:

I write in response to the George Wiley Center's request dated April 12, 2018 to extend the winter moratorium from April 15, 2018 to May 1, 2018. Pascoag Utility District has no objections to extending the winter moratorium for protected status customers to May 1, 2018 under the Public Utilities Commission's rules and regulations that govern the termination of residential electric and gas utility service.

Pascoag Utility District will continue to send out termination notices during the moratorium extension period, but it will not terminate services for the protected status customers prior to May 1, 2017.

Please do not hesitate to contact me if you have any further questions.

Sincerely yours.

Harle J Round
Manager of Finance and Customer Service
