RIPUC Docket No. 4763

In Re: Standards for Connecting Distributed Generation, RIPUC No. 2180
Responses to the Public Utilities Commission’s First Set of Data Requests
Pertaining to the 2021 Compliance Report of Pre-Application Reports
Issued on April 19, 2022

PUC 2021-1

Request:

National Grid reported six delays in issuing Pre-Application Reports. For each, please provide the reason.

Response:

Pursuant to Sheet 20, Subsection 3.2(IV)(3) of The Narragansett Electric Company Standards for Connecting Distributed Generation, R.I.P.U.C. No. 2244, the Company is to report “the number of delays that were issued due to exceeding a reasonable number of applications under review during the prior calendar year.” (Emphasis added). The reasons for the six delays as reported in the Annual Report submitted on March 1, 2022¹ were not due to exceeding a reasonable number of applications under review. Therefore, the six cases should not have been classified as “Delays in Delivering Pre-Application Reports” in the Annual Report. The Company will file a revised Annual Report to correct the error. Notwithstanding that correction, below is an explanation of those six cases.

The Company reviewed six pre-applications that were classified as “Delays in Delivering Pre-Application Reports” in the Annual Report. Upon completion of this review, the Company concluded that these applicants did not receive pre-application reports because they did not make a pre-application payment.

Case Number	Start Date	Hold Reason	Date Requested Pre-Application Payment
366464	9/22/2021	Payment not received	9/21/2021
366493	9/22/2021	Payment not received	9/21/2021
389132	10/19/2021	Payment not received	10/19/2021
389715	10/20/2021	Payment not received	10/20/2021
384678	9/28/2021	Payment not received	9/29/2021
