Good morning Cindy:

After conferring with counsel for R.I.E., here are the questions that the Company agrees to include in its intake for REG program application process:

1. Does your project intend to qualify for the 10% bonus federal Investment Tax Credit for meeting domestic content requirements as defined by Sec. 13101 of the Inflation Reduction Act of 2022 ([Public Law No: 117-169](#)).
2. Does your project intend to qualify for the 10% bonus federal Investment Tax Credit for siting in an energy community or on a brownfield as defined by Sec. 13102 and 13103 of the Inflation Reduction Act of 2022 ([Public Law No: 117-169](#)).
3. Does your project intend to qualify for the 10% bonus federal Investment Tax Credit for siting in a low-income community as defined by Sec. 13102 and 13103 of the Inflation Reduction Act of 2022 ([Public Law No: 117-169](#)).
4. Does your project intend to qualify for the 20% bonus federal Investment Tax Credit for projects providing low-income benefits as defined by Sec. 13102 and 13103 of the Inflation Reduction Act of 2022 ([Public Law No: 117-169](#)).

Data validation: All of these would be yes/no.

Please let me know if you need anything further from OER on this matter.

Regards,  
AI

**Subject:** RE: Docket 22-39-REG - RI Energy Responses to PUC Record Requests

Good Afternoon, Leticia and Al,

I am seeking clarification and confirmation on RR-2.

SEA's Testimony (p. 28) stated,

19 Does SEA have a plan to track the usage of various bonus credits in REG Open Enrollment  
20 bids in 2023 (and potentially thereafter)?

21

22 Yes. We have requested (and Rhode Island Energy has agreed) to require future program  
applicants

23 to specify **which** tax credit bonuses, if any, they plan to qualify for so that SEA can better  
24 understand and categorize the resulting bid prices and installed cost data associated with such 25  
projects.

In response to RR-2, RI Energy included new proposed language to be incorporated into the  
Enrollment Rules as follows:

Either through the Rhode Island Energy application process, or upon request by the company during  
each open enrollment period, Applicants must provide information on **whether** the project intends  
to qualify for Federal Investment Tax Credits.

It appears from my read of SEA's testimony, they are seeking a descriptive answer while RI Energy's  
language suggests a Yes/No answer.

OER and RI Energy should confer to ensure RI Energy is incorporating language, and will be seeking  
the information SEA is expecting. **Please let me know by Tuesday, March 7, 2023** if RI Energy's  
language accomplishes what was agreed to or if there are any additional changes needed. This  
should be done with a copy to the service list.

Thank you,  
Cindy
