Report Suspicious

Due to unforeseen and/or unintended consequences I feel that cabling up the Sakonnet River would be wrong. Always chose being safe... not sorry, later.

This Massachusetts' development benefits Massachusetts and Residents. There is an existing Massachusetts Right of Way infrastructure available.

Why not use it?

South Coast Wind is a multinational out-of-country corporation receiving unprecedented profits. I am sure they can afford the obvious land route.

Thank you for accepting public comment.
