**Re: Petition of Dish Wireless L.L.C.**

Dear Ms. Massaro:

On behalf of DISH Wireless L.L.C., enclosed for filing in the above-referenced matter is an original and nine copies of the following:

- Petition of Dish Wireless L.L.C. for Designation as an Eligible Telecommunications Carrier in the State of Rhode Island for the Limited Purpose of Offering Lifeline Service to Qualified Households;
- Exhibits the Petition;
- Statement of Business Operations.

Thank you for your attention to this matter.

Very truly yours,

A handwritten signature in blue ink that reads 'Robin L. Main'.

**I. INTRODUCTION**

DISH Wireless L.L.C. dba Gen Mobile (“DISH Wireless” or the “Company”), by its undersigned counsel, and pursuant to Section 214(e)(2) of the Communications Act of 1934, as amended (the “Act”)<sup>1</sup> and Sections 54.101 through 54.207<sup>2</sup> of the Rules of the Federal Communications Commission (“FCC”),<sup>3</sup> and the rules and regulations of the Rhode Island Public Utilities Commission (the “Commission”), including Section 810-20-00-3.4 of the Rhode Island Administrative Code (“RICR”),<sup>4</sup> hereby submits this Petition for Designation as an Eligible Telecommunications Carrier (“ETC”) in the State of Rhode Island. The Company seeks ETC designation for the limited purpose of providing Lifeline service under the brand name “Gen Mobile” to qualifying Rhode Island consumers, including those residing on federally recognized Tribal lands.

---

<sup>1</sup> 47 U.S.C. § 214(e)(2).

<sup>2</sup> 47 C.F.R. §§ 54.101-54.207.

<sup>3</sup> DISH Wireless files this Petition in accordance with the rules adopted by the FCC in the *2012 Lifeline Reform Order*. See *Lifeline and Link Up Reform and Modernization, Lifeline and Link Up, Federal-State Joint Board on Universal Service, Advancing Broadband Availability Through Digital Literacy Training*, WC Docket Nos. 11-42 and 03-109, CC Docket No. 96-45, WC Docket No. 12-23, Report and Order and Further Notice of Proposed Rulemaking, FCC 12-11 (rel. Feb. 6, 2012) (“*2012 Lifeline Reform Order*”).

<sup>4</sup> 810-20-00 R.I. Code R. § 3.4 (2018).

As demonstrated herein, and as certified in Exhibit 1 to this Petition, the Company meets all the federal and state statutory and regulatory requirements for designation as an ETC in Rhode Island. Grant of this Petition, moreover, would advance the public interest because it would enable the Company to commence much needed Lifeline services to low-income Rhode Island residents as soon as possible. Accordingly, the Company respectfully requests that the Commission expeditiously approve this Petition.

All correspondence, communications, pleadings, notices, orders and decisions relating to this Petition should be addressed to:

## **II. COMPANY OVERVIEW**

DISH Wireless L.L.C. is a Colorado limited liability company with a principal address at 9601 S. Meridian Blvd, Englewood, CO 80112. DISH Wireless provides, among other things, resold wireless telecommunications services operating in Rhode Island and other states, using the Gen Mobile brand name and other brand names.

DISH Wireless' parent company, DISH Network Corporation ("DISH Network"), is a connectivity company headquartered in Colorado that has served as a disruptive force in the pay-TV market since 1980. In 2020, DISH Wireless entered the retail wireless business by acquiring

the Boost Mobile brand and in 2021, acquiring the Gen Mobile brand as well as other brands and customer assets. Now, using its own licensed wireless spectrum assets, DISH Wireless is building the nation's first virtualized, cloud-native, Open RAN-based 5G broadband network. To facilitate the buildout, DISH Wireless has entered into multi-year agreements with over 30 partners, including Mavenir, Amazon, Dell, CISCO, VM Ware, IBM, Oracle, Nokia, Fujitsu, MTI, Intel, Altiostar, Samsung, and Qualcomm. Because DISH Wireless is actively constructing wireless facilities around the country, it is well positioned to identify opportunities to target buildouts in underserved areas.

Even as the 5G network is under construction, DISH Wireless has already been competing in the retail wireless space and is an approved provider in the Federal Communications Commission's Affordable Connectivity Program ("ACP"). Under the Gen Mobile and other brand names, DISH Wireless currently uses AT&T and T-Mobile wireless facilities to provide discounted mobile broadband service in all 50 states and the territories of Washington D.C. and Puerto Rico, including plans bundling voice, text messaging, and broadband services.<sup>5</sup> Available Gen Mobile branded plans include talk, text, and data at various data speeds under the ACP's monthly \$30 subsidy for eligible consumers. DISH Wireless has an application for ETC designation pending with the FCC (for the states of Alabama, Connecticut, Delaware, Florida, New Hampshire, North Carolina, and the District of Columbia, the "Non-Jurisdictional States"). DISH Wireless is currently designated as a wireless ETC in Colorado, New York, and Oklahoma and authorized by the California Public Utilities Commission to provide California LifeLine service and plans to file for ETC status in other states over time.

---

<sup>5</sup> See 47 C.F.R. § 54.1802(b) ("a bundle of broadband internet access service along with fixed or mobile voice telephony service, text messaging service, or both" is an ACP-eligible plan).

DISH Wireless now seeks an ETC designation in Rhode Island so that it can (i) serve low-income Rhode Island customers, including those residing on Tribal lands, (ii) supplement the amount of support available to its current ACP customers, and (iii) invite new, underserved customers to benefit from Lifeline and other federal support programs. DISH Wireless' Lifeline-supported plans will be offered to prepaid customers under the Gen Mobile brand, a recognized and trusted provider in this market segment. Gen Mobile prepaid wireless plans are affordable, easy to use, and attractive to low-income consumers, providing them with connectivity that has become indispensable to participating in 21<sup>st</sup> century society and opportunities. Gen Mobile customers can choose from several affordable prepaid calling plans and handsets and have access to high-quality, responsive customer service. Gen Mobile prepaid plans start as low as \$10 per month and can be refilled at an estimated 10,000 retail locations nationwide.

### **III. THE COMMISSION HAS JURISDICTION OVER DESIGNATION OF WIRELESS ETCS**

Section 214(e)(2) of the Act provides state public utility commissions with the primary responsibility for the designation of ETCs.<sup>6</sup> Under the Act, a state public utility commission, like the Commission, with jurisdictional authority over ETC designations must designate a common carrier as an ETC if the carrier satisfies the requirements of Section 214(e)(1). Therefore, the Commission has the authority to designate DISH Wireless as an ETC. As demonstrated below, DISH Wireless fulfills the requirements to be designated as an ETC in Rhode Island.

---

<sup>6</sup> 47 U.S.C. § 214(e)(2).

#### **IV. THE COMPANY MEETS THE REQUIREMENTS FOR ETC DESIGNATION**

A petition for ETC designation in Rhode Island must meet specific federal and state statutory and regulatory requirements. As demonstrated below, DISH Wireless meets the requirements for ETC designation by the FCC pursuant to Section 214(e)(2) of the Communications Act and by the Commission pursuant to Section 810-20-00-3.4 of the RICR. These include: (1) a certification that the petitioner offers or intends to offer all services designated for support by the FCC pursuant to Section 254(c) of the Communications Act; (2) a certification that the petitioner offers or intends to offer the supported services on a common carrier basis either using its own facilities or a combination of its own facilities and/or resale of another carrier's services;<sup>7</sup> (3) a description of how the petitioner advertises the availability of the supported services and the charges therefor using media of general distribution; (4) a detailed description of the geographic service area for which the petitioner requests to be designated as an ETC; and (5) a certification that neither the petitioner, nor any party to the petition, is subject to a denial of federal benefits pursuant to the Anti-Drug Abuse Act of 1988.<sup>8</sup>

In addition, a petitioner seeking designation as an ETC solely for the purpose of offering Lifeline service must: (1) certify that it will comply with the service requirements applicable to the support that it receives; (2) demonstrate its ability to remain functional in emergency situations; (3) demonstrate its ability to satisfy applicable consumer protection and service quality standards; and (4) demonstrate that it is financially and technically capable of providing Lifeline service.<sup>9</sup>

---

<sup>7</sup> § 20-00-3.4(A)(4).

<sup>8</sup> 47 U.S.C. § 214(e)(1) and (5); 47 C.F.R § 54.201(d)(1) and (2); 47 C.F.R § 54.207(a).

<sup>9</sup> 47 CFR § 54.202(a). Section 54.202(a)(ii) requires carriers seeking ETC designation that is not limited to Lifeline service to submit a five-year plan that describes proposed improvements to the carrier's network throughout the

Finally, prior to designating a carrier as an ETC, the Commission must determine whether such designation is in the public interest.<sup>10</sup> When making a public interest determination, the Commission considers the benefits of increased consumer choice and the unique advantages and disadvantages of the petitioner's service offerings.<sup>11</sup>

**A. DISH Wireless Is a Common Carrier**

DISH Wireless provides, among other things, commercial mobile radio services (CMRS) that are regulated pursuant to the common carrier requirements of the Communications Act.<sup>12</sup> Accordingly, the Company meets the common carrier requirement for ETC designation pursuant to Section 214(e)(1) of the Act and Section 54.201(d) of the FCC's rules.

**B. DISH Wireless Will Offer the Services Supported by Federal Universal Service**

Pursuant to Section 54.101(a) of the FCC's rules, DISH Wireless' voice service provides the following: (1) voice grade access to the public switched network or its functional equivalent; (2) minutes of use for local service at no additional charge to end users; (3) access to the emergency services provided by local government or other public safety organizations, such as 911 and enhanced 911, to the extent the local government in an eligible carrier's service area has implemented 911 or enhanced 911 systems;<sup>13</sup> and (4) toll limitation services to qualifying low-

---

proposed service area. Although DISH Wireless is not seeking high cost support in this Petition, it is building out its 5G network in accordance with certain FCC-approved construction deadlines as described below.

<sup>10</sup> 47 U.S.C. § 214(e)(6); 47 C.F.R. § 54.202(b).

<sup>11</sup> See, e.g., *Virgin Mobile ETC Designation Order in the States of Alabama, Connecticut, Delaware, New Hampshire and the District of Columbia*, WC Docket 09-197, Order, 25 FCC Rcd 17797, 17799, ¶ 6 (WCB 2010).

<sup>12</sup> See 47 U.S.C. § 153(11) (defining a common carrier as "any person engaged as a common carrier for hire, in interstate or foreign communications by wire or radio . . ."); 47 U.S.C. § 332(c)(1)(A) (treating commercial mobile service providers as common carriers).

<sup>13</sup> 810 R.I. Code R. § 20-00-3.4(A)(5)(a).

income consumers.<sup>14</sup> As defined in Section 8.1(b) of the FCC’s rules, DISH Wireless also provides broadband internet access service to consumers.<sup>15</sup>

**C. DISH Wireless Will Offer the Services Designated for Support Using a Combination of Its Own Facilities and Resale**

DISH Wireless, through the Gen Mobile brand, offers the supported services - voice telephony service and broadband Internet access service - meeting the standards set in the FCC’s rules.<sup>16</sup> DISH Wireless is currently providing and will provide mobile voice, text messaging, and broadband services to low-income consumers. The various Lifeline service plans that will be available to qualifying low-income Rhode Island residents, including those on Tribal lands, are described in Exhibit 2.

In general, Section 214 and Section 20-00-3.4(A)(2) of the RICR requires ETCs to provide services using their facilities, at least in part. DISH Wireless is in a unique position to increase wireless competition and serve low-income consumers. Gen Mobile service plans are currently supported by AT&T and T-Mobile’s networks. This will allow DISH Wireless to immediately introduce new Lifeline options for Rhode Island consumers as soon as the Commission approves this Petition. At the same time, DISH Wireless is building out an advanced nationwide 5G network of its own. The Company recently launched 5G broadband service in over 130 cities and currently offers service to more than 20 percent of the U.S. population.<sup>17</sup> Where service on DISH Wireless’ own network is not yet available or where the

---

<sup>14</sup> 47 C.F.R. § 54.101(a); *see also* 47 U.S.C. § 214(e)(1)(A).

<sup>15</sup> *See* 47 C.F.R. § 8.1(b).

<sup>16</sup> *See* 47 C.F.R. § 54.101(a) and § 20-00-3.4(A)(2).

<sup>17</sup> *See* DISH Press Release, DISH’s Smart 5G™ Wireless Network is Now Available to Over 20 Percent of the U.S. Population, June 15, 2022. *See also* Applications of American H Block Wireless L.L.C., DBSD Corporation, Gamma Acquisition L.L.C., and Manifest Wireless L.L.C. for Extension of Time, *Order of Modification and Extension of Time to Construct*, DA 20-1072 WT Docket 18-197 (rel. Sept. 11, 2020).

Company does not yet offer Lifeline products on its own network, DISH Wireless will provide service on a resale basis on the networks of AT&T and/or T-Mobile. Accordingly, pursuant to 47 U.S.C. § 214(e)(1)(A), 47 C.F.R. § 54.101(b), and 810 R.I. Code R. § 20-00-3.4(A)(4), DISH Wireless will offer Gen Mobile-branded services that are designated for federal universal support using a combination of its own facilities and/or resale of another carrier's services. A complete description of the Gen Mobile terms, conditions and rates applicable for supported services can be found at [www.genmobile.com](http://www.genmobile.com). Because DISH Wireless is deploying facilities-based wireless voice and broadband services in Rhode Island and other states, there is no need for DISH Wireless to obtain an approved FCC Compliance Plan in accordance with the *2012 Lifeline Reform Order*.<sup>18</sup>

**D. DISH Wireless Will Provide Gen Mobile-Branded Service Throughout Its Designated Service Area**

Pursuant to 47 U.S.C. § 214(e)(1) and 47 C.F.R. § 54.201(d), as an ETC, DISH Wireless will provide service in the same 50-state footprint where it currently offers ACP service -- this includes the entire geographic boundary of the State of Rhode Island subject to coverage limits of underlying carriers and DISH Wireless' own network. Further, pursuant to 47 C.F.R. § 54.202(a)(1)(i), the Company commits to provide service throughout its proposed service area on a timely basis to all customers making a reasonable request for service where facilities are available. DISH requests ETC designation that is statewide in scope to allow the Company to provide Lifeline service wherever its underlying, facilities-based providers have wireless coverage. The current Rhode Island coverage footprint or service area by zip code is attached hereto as Exhibit 3.

---

<sup>18</sup> See *2012 Lifeline Reform Order*, ¶ 368; see also 810 R.I. Code R. § 20-00-3.4(A)(5)(b).

**E. The Company Will Advertise the Availability of Gen Mobile Services and Charges Using Media of General Distribution**

Pursuant to 47 U.S.C. § 214(e)(1)(B) and 47 C.F.R. § 54.201(d)(2), the Company will advertise the availability of Gen Mobile-branded voice, text messaging, and broadband services through various marketing channels that may include direct mail, email, local and community outreach events, and targeted online electronic advertising. In addition, the availability of Gen Mobile Lifeline service will be publicized in ways that are reasonably designed and distributed to reach customers who will likely qualify for the service. The Company's marketing efforts will be consistent with and in compliance with the Commission's rules. Samples of the Company's Lifeline advertising are attached hereto as Exhibit 4.<sup>19</sup>

**F. DISH Wireless Will Comply with Service Requirements Applicable to the Support It Receives**

Pursuant to 47 C.F.R. § 54.202(a)(1)(i), DISH Wireless will comply with the service requirements applicable to the supported services it will be offering in the identified service areas. Gen Mobile plans will be offered in Rhode Island initially by reselling AT&T and/or T-Mobile service, and in the future will also be supported by DISH's own 5G network facilities when feasible. These providers' networks are operational and largely built out. Thus, the Company will be able to commence offering its Lifeline service to all locations served by its underlying carriers very soon after receiving approval from the Commission.

**G. DISH Wireless Will Comply with Any Applicable Two-Year and Five-Year Plan Requirements**

Pursuant to 47 C.F.R. § 54.202(a)(1)(ii), a common carrier seeking designation as a Lifeline-only ETC is not required to submit a five-year network improvement plan as part of its application for designation as an ETC. DISH Wireless is in a unique position, however, because

---

<sup>19</sup> 810 R.I. Code R. § 20-00-3.4(A)(7).

it is constructing its own facilities-based 5G wireless network subject to FCC-approved buildout milestones, including having already deployed its 5G broadband service to 20% of the U.S. population on June 14, 2022 and scheduled to deploy in 70% of the U.S. population by June 14, 2023 and (using certain low-band spectrum) to 75% of the population of each Partial Economic Area by June 14, 2025. DISH Wireless commits to providing service consistent with the requirements of any other support mechanism pursuant to which it is authorized to receive support in the future.

#### **H. Consumer Protection and Service Quality Standards**

The Company commits to comply with all applicable consumer protection and service quality standards for universal service programs. As stated in 47 C.F.R. § 54.202(a)(3), a wireless applicant's commitment to comply with the Cellular Telecommunications and Internet Association's Consumer Code for Wireless Service ("CTIA Consumer Code") will satisfy this consumer protection and service quality requirement. DISH Wireless commits to fully complying with the CTIA Consumer Code.

#### **I. Ability to Remain Functional During Emergencies**

The Company's services are able to remain functional in emergency situations as required by 47 C.F.R. Section 54.202(a)(2). DISH Wireless' greenfield 5G network operates in a cloud-native environment that is not encumbered by traditional technology and will be more flexible and resilient in the event of service outages. Currently, DISH Wireless relies on mobile virtual network operator (MVNO) partner networks that are designed to remain functional even without external power sources, are able to re-route traffic around damaged facilities, and can manage traffic spikes that may occur in emergency situations.

## **J. DISH Wireless Is Financially and Technically Capable**

As part of the *2012 Lifeline Reform Order*, the FCC amended its rules to require a carrier seeking designation as a Lifeline-only ETC to demonstrate that it is financially and technically capable of providing the supported Lifeline service in compliance with all of the low-income program rules.<sup>20</sup> DISH Wireless satisfies these criteria.

DISH Wireless is financially stable and capable of honoring its service obligations to customers, as shown in Exhibit 5, a link to the Form 10-K of DISH Network Corporation, parent company of DISH Wireless, as well as meeting its federal and state regulatory obligations. The Company will not rely exclusively on revenues from the provision of Lifeline services for its operating revenues. The Company also has access to additional capital resources from its parent and affiliate companies. The Company's financial resources position the Company to expand its operations to serve currently unserved/underserved eligible low-income Rhode Island consumers, including those residing on Tribal lands, and increase competition.

In addition, the proposed Lifeline offerings will be overseen by a team of personnel with substantial industry experience with the requirements of the federal Lifeline program and marketing to the low-income consumer sector. Attached as Exhibit 6 is a current list of the Company's key personnel responsible for Gen Mobile-branded Lifeline offerings, with biographical information for each, showing that the Company has the expertise necessary to provide the services detailed herein.

## **K. Terms and Conditions of Proposed Lifeline Offering**

The Company has the ability to provide all services supported by the universal service program, as detailed in 47 C.F.R. § 54.101(a), throughout Rhode Island. The Company further

---

<sup>20</sup> See *2012 Lifeline Reform Order*, ¶ 387; see also 47 C.F.R. § 54.202(a)(4) and 810 R.I. Code R. § 20-00-3.4(A)(5)(c).

affirms that its Lifeline-supported voice services will meet or exceed the minimum service standards set forth in 47 C.F.R. § 54.408, including as such standards are updated going forward. Gen Mobile-branded Lifeline-supported broadband services will also meet the minimum service standards set forth in 47 C.F.R. § 54.408 for mobile broadband internet access services, including for service speed and data usage allowance, as such standards are updated going forward. To the extent DISH Wireless provides devices for use with Lifeline-supported broadband service, such devices will meet the equipment requirements set forth in 47 C.F.R. § 54.408(f), and DISH Wireless will not impose an additional or separate tethering charge for mobile data usage below the minimum standard.

Attached hereto as Exhibit 2 is a summary table of the Company's proposed Lifeline service offerings, showing that Lifeline customers can receive 1,000 voice minutes, 1,000 text messages, and 4.5 gigabytes (GB) of data per month at a net cost of \$0.00 after application of Lifeline support and customers residing on federally recognized Tribal lands can receive unlimited voice minutes and text messages and 11 GB of data per month at a net cost of \$0.00 after application of Lifeline Tribal support. Customers will also be able to purchase additional minutes or data as needed. In addition to wholly-supported or discounted wireless services, prepaid Lifeline customers will be able to receive an upgraded handset at an additional charge or SIM card offer, as well as access to voice mail, caller I.D., call forwarding, 3-way calling, and call waiting features at no additional charge. Customers may use their minutes to place domestic long-distance calls at no additional charge, and calls to the Company's customer service are free with no deduction of available minutes. Calls to 911 emergency services are always free, regardless of service activation or availability of minutes.

**L. Gen Mobile’s Offerings Will Comply with Lifeline Certification and Annual Re-certification Requirements**

Customers interested in obtaining information on the Lifeline program will be directed to a toll-free telephone number and to the Company’s website, which will contain information regarding the Company’s Lifeline service plans, including a description of the Lifeline program and eligibility criteria. DISH Wireless will use multiple outreach methods including but not limited to nonprofit partnerships, phone, online, and in person enrollments through Lifeline events. Section 54.410 of the FCC’s rules requires ETCs to certify and verify a Lifeline customer’s initial and continued eligibility. DISH Wireless will rely on the National Verifier and the National Lifeline Accountability Database (“NLAD”), both administered by the Universal Service Administrative Company (“USAC”), to determine an applicant’s eligibility for Lifeline service. DISH Wireless will require all Gen Mobile’s Lifeline applicants to complete the standard Lifeline application forms in the National Verifier environment. The standard Lifeline application complies with the disclosure, certification, and information collection requirements in 47 C.F.R. § 54.410(d).<sup>21</sup> A sample enrollment form is attached hereto as Exhibit 7.

For applicants verified as being eligible by USAC’s National Verifier and NLAD, DISH Wireless will complete enrollment by transmitting the required information into NLAD as required by Section 54.404(b)(6) of the FCC’s rules. In addition, at the time of enrollment, the Company will notify the applicant that the prepaid service must be personally activated by the subscriber and the subscriber must use their service every thirty (30) days in order to maintain their Lifeline benefit.

---

<sup>21</sup> *FCC Wireline Competition Bureau Provides Guidance on Universal Forms for the Lifeline Program*, WC Docket No. 11-42, Public Notice, “Wireline Competition Bureau Provides Guidance on Universal Forms for the Lifeline Program,” DA 18-161 (rel. Feb. 20, 2018). The standard application/certification forms are available on USAC’s website (*see* USAC, Lifeline Forms, <http://www.usac.org/li/tools/forms/default.aspx>).

DISH Wireless will also comply with Section 54.410(f) of the FCC's rules governing annual subscriber re-certification of eligibility and will coordinate with USAC's National Verifier and NLAD systems to manage additional de-enrollments related to USAC-administered benefit transfers and failure to re-certify.<sup>22</sup>

**M. DISH Wireless Will Comply With All Regulations Imposed by the Commission**

By way of this Petition, DISH Wireless hereby declares its ability and goal to comply with all the rules and regulations that the Commission may lawfully impose upon the Company's provision of service contemplated by this Petition, including any reporting requirements set by the Commission. DISH Wireless will answer any questions or present additional testimony and other evidence about its services within the state upon the Commission's request. In addition, DISH wireless promises to pass on all support received from the federal Universal Service Fund ("USF") and Rhode Island's Telephone Assistance Program ("TAP") to its qualified Lifeline customers.

**N. Prevention of Waste, Fraud and Abuse**

The Company recognizes the importance of safeguarding the USF and TAP, and has implemented measures and procedures to prevent duplicate Lifeline benefits being awarded to the same household. Gen Mobile Lifeline offerings will comply with the requirements of the NLAD and Section 54.404 of the FCC's rules. As part of the application process, the National Verifier queries the NLAD for every enrollment to determine whether a prospective subscriber is currently receiving a Lifeline service from DISH Wireless or any other ETC, and whether

---

<sup>22</sup> 47 C.F.R. §§ 54.405(e), 54.410(f).

anyone else living at the prospective subscriber's residential address is currently receiving Lifeline service.

Consistent with federal regulations, the Company will not seek USF reimbursement for new subscribers until they have activated the service, either by initiation and/or actual use of the service, and will de-enroll any subscriber that has not used the Company's Lifeline service as set forth in 47 C.F.R. § 54.407(c)(2). An account will be considered active if the authorized subscriber establishes usage, as "usage" is defined by 47 C.F.R. § 54.407(c)(2), during the specified timeframe, currently a period of thirty (30) days, or during the notice period set forth in 47 C.F.R. § 54.405(e)(3), currently a period of fifteen (15) days. In accordance with 47 C.F.R. § 54.405(e)(3), DISH Wireless will provide the subscriber advance notice when a subscriber's failure to use the Lifeline service within the notice period will result in service termination for non-usage. Customers that have been deactivated may participate in the Company's Lifeline service in the future by reapplying and re-establishing eligibility.

To further protect the integrity of the USF, DISH Wireless contracts with third party vendors to backstop USAC's own processes and procedures. First, the Company will use Emerios Enterprise Services Inc. ("Emerios") software to process Lifeline applications. Among other things, Emerios uses third-party verification sources (including the Lexis Nexis LEXID service) to validate a prospective customer's identity. Emerios also validates the Company's subsidy data to prevent duplicate subsidies. In addition, the Company has established a back-office real time review ("RTR") process to be completed before a Lifeline application is passed to the National Verifier to qualify a customer. This process involves specially trained operations analysts (who have no financial stake in whether an application is successful) individually confirming the information entered into the application and supporting documentation to, among

other things, confirm the identities of the sales agent and the customer by reviewing pictures of them in real time during the application process and review the customer's identification and address for anomalies. DISH Wireless has hired experienced staff and a third party company to provide RTR for the Company's Lifeline enrollments. This third party company has substantial experience running RTR for other Lifeline providers.

**V. DESIGNATING DISH WIRELESS AS AN ETC WOULD PROMOTE THE PUBLIC INTEREST**

The Commission will advance the public interest by designating the Company as an ETC so that it can offer the Gen Mobile-branded Lifeline services. Americans increasingly need greater access to voice and broadband services, and low-income Rhode Island consumers, including those on Tribal lands, in particular are suffering from the lack of affordable and available access. The Company is currently helping to close the gap by providing service under the ACP and stands ready to expand consumer choice and continue offering discounted services as a Lifeline ETC to customers who have come to rely on these benefits. In addition, because DISH Wireless is deploying a new facilities-based wireless 5G network throughout the country over the next several years, designating DISH Wireless as an ETC will improve its ability to apply for state broadband funding grants, should ETC designation be required, to increase service in underserved and unserved areas.

**A. Advantages of Gen Mobile Lifeline Plans**

Authorizing the Company as a Lifeline ETC in the State of Rhode Island will enable the Company to provide eligible low-income consumers with access to high quality mobile voice, text, and data services. This will increase those consumers' choices in service providers and service options and make essential communications services more affordable and accessible to these consumers. Mobile services are overwhelmingly preferred by Lifeline-eligible consumers

who may be able to afford only a single connection, may frequently change residences or places of employment, and may need the ability to communicate with prospective employers. Some of these individuals may be experiencing homelessness and rely upon Lifeline service as their single reliable source of connectivity. Lifeline services also ensure that consumers always have the ability to contact 911 emergency services should the need arise. The availability of a no-charge Lifeline service that includes voice minutes, texts, and data is an invaluable resource for consumers in these circumstances.

Gen Mobile Lifeline service plans provide meaningful options for low-income consumers because they offer low-cost, reliable alternatives to traditional rate plans. Among the Gen Mobile Lifeline offerings is a plan with 1,000 voice minutes, 1,000 texts, and 4.5 GB of data available to all qualifying low-income Rhode Island consumers for no cost, and a plan with unlimited voice minutes, unlimited texts and 11 GB of data available to residents of Tribal lands for no cost. Qualified Rhode Island consumers will have the choice to apply their Lifeline discount to existing Gen Mobile plans.

In addition, Gen Mobile Lifeline plans alleviate customer concerns regarding deposits, hidden costs, varying monthly charges, and long-term contract issues. Gen Mobile prepaid plans allow customers to subscribe to voice, text, and data services without the hurdle of a credit check or the commitment of a contract.

#### **B. Benefits of Competitive Choice**

Designating the Company as an ETC also meets the FCC's stated goals for promoting competition and increasing customer choice. The FCC has recognized that in non-rural areas,

designation of multiple ETCs is “consistent per se with the public interest.”<sup>23</sup> In rural and high-cost areas, the FCC determined that “designation of competitive ETCs promotes competition and benefits consumers . . . by increasing customer choice, innovative services, and new technologies.”<sup>24</sup> In the Lifeline context, the entry of additional providers increases competitive choice for lower-income customers who may not be the focus of wireless carriers’ marketing efforts. Launching Gen Mobile Lifeline options in Rhode Island will add affordable, innovative mobile wireless choices to the marketplace, and could spur other ETCs to expand and improve their own Lifeline service offerings. Granting ETC designation to DISH Wireless will promote competition for the benefit of consumers, including those residing on Tribal lands, and will have desirable effects upon the Rhode Island market for Lifeline services by making these services more available and accessible, thereby supporting the goals of universal service.

## **VI. ANTI-DRUG ABUSE CERTIFICATION**

In accordance with Section 5301 of the Anti-Drug Abuse Act of 1988, DISH Wireless certifies that no party to the Petition is subject to denial of federal benefits, including FCC benefits.

## **VII. CONCLUSION**

Based on the foregoing, designation of DISH Wireless as an ETC in the State of Rhode Island accords with the requirements of Section 214(e)(2) of the Act and is in the public interest.

---

<sup>23</sup> *Federal-State Joint Board on Universal Service, Cellco Partnership d/b/a Bell Atlantic Mobile, Petition for Designation as an Eligible Telecommunications Carrier*, Memorandum, Opinion and Order, CC Docket No. 96-45, DA 00-2895, ¶ 14 (rel. Dec. 26, 2000).

<sup>24</sup> *See Western Wireless Corporation Petition for Designation as an Eligible Telecommunications Carrier in the State of Wyoming*, Memorandum Opinion and Order, CC Docket No. 96-45, DA 00-2896, ¶ 17 (rel. Dec. 26, 2000).

*WHEREFORE*, DISH Wireless respectfully requests that the Commission designate DISH Wireless as an ETC in the State of Rhode Island for the purpose of participating in the Lifeline program.

Respectfully submitted,

---

Robin L. Main  
Hinckley, Allen & Snyder LLP

**EXHIBIT 1: CERTIFICATION**

I, Robert Yap, Vice President of Gen Mobile for DISH Wireless L.L.C., have reviewed and am familiar with the foregoing Petition for Designation as an Eligible Telecommunications Carrier in the State of Rhode Island. The statements in the foregoing document are true of my own knowledge, except as to matters which are herein stated on information and belief, and as to those matters, I believe them to be true.

# FREE MOBILE SERVICE

See if you qualify for the Lifeline Program with Gen Mobile!

## Apply Today

DISH Wireless LLC is authorized to provide Lifeline service under the Gen Mobile brand. The Lifeline Program ("Lifeline") is a government assistance program that provides discounted telephone services to eligible households funded by the Federal Universal Service Fund. A household means adults and children who are living together at the same address as one economic unit. An economic unit includes all adults (persons at least 18 years old unless emancipated) contributing to and sharing the household's income and expenses. Only one discount per eligible household is permitted and is nontransferable to another person. The discount is tied to a single, primary residential address. Any household that violates the one discount per household rule or knowingly or willingly provides false information to obtain the Lifeline discount will lose its discount or will be banned from Lifeline and may be prosecuted by the government. There are two ways to qualify for the Lifeline discount: Program-Based or Income-Based. Program-Based qualification requires someone in the household to be enrolled in a public assistance program such as Medicaid, SNAP, Supplemental Security Income (SSI), or other qualifying government programs. Income-Based qualification requires the household's total annual gross income is at or less 135% of the Federal Poverty Guidelines. The National Verifier administered by the Universal Service Administrative Company (USAC) will determine whether the household meets the eligibility requirements to participate in Lifeline. Many factors beyond Gen Mobile's control (such as network problems or congestion, signal strength, structure, weather, geography, etc.) may affect the customer's ability to make and receive calls on the customer's wireless device, the quality of those calls, and the speed of the customer's service. As a result, the customer's service, including calls or attempted calls to emergency services like 911, may be interrupted, may fail, or result in dropped or blocked connections, become unavailable, service speeds are slow, or call quality at times may be poor. Go to [genmobile.com](http://genmobile.com) for Gen Mobile's terms & conditions, including the full restrictions for Lifeline, and wireless service plans.

## EXHIBIT 6: KEY PERSONNEL BIOS

**Robert Yap, VP of Gen Mobile, a DISH Wireless L.L.C. brand,** has over 20 years of telecommunication experience. Mr. Yap was an executive at several telecommunications companies (wireless, CLEC, and calling cards), including at Gen Mobile, Inc. where he was a founder, and was a corporate attorney at McDermott, Will & Emory. From 2015 to 2017, he was the President of TruConnect Communications, Inc., a nationwide wireless Lifeline Provider with over 500,000 customers during his tenure. In 2018, Mr. Yap and his fellow executives founded Gen Mobile, Inc. (later acquired by DISH Wireless L.L.C.), to provide consumers affordable wireless service options and to help bridge the digital divide for the 30% of Americans that have limited access to the internet. He hopes to provide the same in the State of Rhode Island with Gen Mobile as the head of the brand under DISH Wireless.

Mr. Yap also has served on several nonprofit boards including as chairman of the Asian Pacific Community Fund (“APCF”), a non-profit that has raised over \$5,000,000 for distribution to nonprofits that serve communities in Los Angeles, and as a current board member of Center for Asian Americans United for Self-Empowerment (“CAUSE”), a non-profit dedicated to politically empowering the Asian Pacific American community. He also held leadership positions at Project by Project and the National Asian Pacific American Bar Association, and served in AmeriCorps at Public Allies Chicago.

Mr. Yap received his B.A. in Economics from Northwestern University and his J.D., with honors, from George Washington University School of Law.

**Anthony Lombardo, Director and Head of Finance for Gen Mobile,** is an experienced Finance and M&A professional. Prior to joining Gen Mobile, he worked with various early stage and venture backed start-ups as well as servicing private equity and strategic clients with buy-side and sell-side transaction support. He has experience supporting clients with needs in the CFO suite and finance operations and started his career at PricewaterhouseCoopers where he spent 13 years in both the audit and transaction support groups. Mr. Lombardo served as CFO at Gen Mobile, Inc. and is now the head of finance for the Gen Mobile brand.

Mr. Lombardo received his Bachelor of Science in Economics from The Wharton School at the University of Pennsylvania and his Master of Business Administration from the UCLA Anderson School of Management. Mr. Lombardo is also a licensed CPA (inactive) in the state of California.

**Jennifer Lin, Head of Marketing, Gen Mobile,** is a marketing and market research professional. She previously worked in market research at Farmers Insurance and was part of the team that launched online health insurance broker, HealthInsurance.com. Mr. Lombardo served as CFO at Gen Mobile, Inc. and is now the head of finance for the Gen Mobile brand.

Ms. Lin received her Bachelor’s degree from the University of California, Los Angeles and her M.P.H. from Boston University.

**Jose Andrade, Head of Operations, Gen Mobile**, has over 15 years of operational management experience at wireless telecommunications companies including from 2015-2018 as Director of Operations at TruConnect, a wireless Lifeline Provider with over 500,000 customers and from 2018-2021 as Director of Operations at Gen Mobile, Inc. His experience includes PMO leadership, customer service management, business optimization, data analysis, and leadership development. Mr. Andrade is responsible for day-to-day operations at Gen Mobile.

Mr. Andrade received his Business degree from the California State University-Los Angeles.

**Sola Lee, Senior Corporate Counsel, Gen Mobile**, has over 10 years of legal experience including as Counsel from 2015 to 2017 at TruConnect, a wireless Lifeline Provider with over 500,000 customers and from 2018-2021 at Gen Mobile, Inc. She was responsible for legal, regulatory, and compliance functions at TruConnect and Gen Mobile. Ms. Lee is the lead counsel for the Gen Mobile brand.

Ms. Lee graduated with a Bachelor's degree from the University of California, Davis and with a J.D. from the University of Oregon.

**Vincent Buongiovanni, Head of Sales Operations – ACP/Lifeline, Gen Mobile**, has over 10 years of experience in the wireless telecommunications industry, including managing the sales, operations, and compliance of Assurance Wireless' Affordable Connectivity Program and Lifeline Program nationwide, specifically managing the field agents used by the service provider. He also served as interim Director of Wireless at Assurance during the acquisition of Sprint by T-Mobile and is part-time police officer in Hi-Nella, New Jersey. Mr. Buongiovanni is in charge of the sales operations for ACP and Lifeline program for the Gen Mobile brand at DISH Wireless.

Lifeline Program Enrollment ID			

Lifeline is a federal program that lowers the monthly cost of phone or internet service to low-income households	
Plan	
Plan Name	
Plan Description	

### LIFELINE DISCLAIMERS

The Affordable Connectivity Program (ACP) and Lifeline are separate programs. ACP benefits may be combined with Lifeline benefits and applied to the same service plan. You may also apply ACP and Lifeline benefits to different plans. You do not need to enroll in Lifeline in order to enroll in ACP and you do not need to enroll in ACP in order to enroll in Lifeline. You may choose to get ACP and Lifeline services from different service providers. You may transfer your ACP and Lifeline services to another provider subject to regulatory restrictions. This application is used for the purpose of verifying your eligibility for and enrolling you in ACP and Lifeline benefits with Gen Mobile and will not be used for any other purpose. ACP and Lifeline benefits are subject to verification of eligibility by Gen Mobile and the National Verifier. If you wish to enroll in only ACP, you may do so by using the separate ACP Enrollment Application. ACP and Lifeline services are subject to availability and Gen Mobile's Terms & Conditions and Consumer Policies & Privacy are available at [www.genmobile.com](http://www.genmobile.com). **YOU MUST ACKNOWLEDGE EACH OF THE CERTIFICATIONS BELOW INDIVIDUALLY AND UNDER PENALTY OF PERJURY.**

**Service Activation and Usage Requirement**  
Gen Mobile services is a prepaid service offered by the company to subscribers eligible for ACP and/or Lifeline discount benefits in states where it is authorized to do so. To maintain your service and benefits, you must personally activate the service by placing a call, initiating data usage, or responding to instructions from Gen Mobile to activate the service. To keep your account active, you must use the service at least once during any 30-day period by completing an outbound call, sending a text message, using cellular data, purchasing additional service from Gen Mobile, answering an in-bound call from someone other than Gen Mobile, or responding to a direct contact from Gen Mobile confirming that you want to continue receiving service from Gen Mobile. If your service goes unused for 30 days, you will no longer be eligible for ACP or Lifeline benefits (or both, if you choose to apply both benefits to the same service) and your service may be suspended (allowing only 911 calls and calls to the Gen Mobile's customer care) subject to a 15-day cure period during which you must use the service (as described above) in order to fully re-activate your service, keep your telephone number and remain enrolled in ACP and Lifeline, as applicable.  
 I hereby certify that I have read and understood the disclosures listed above regarding activation and usage requirements.

**Lifeline: Disclosures, Authorizations and Certifications**  
Lifeline is a government benefit program operated by the Federal Communications Commission (FCC) that provides discounts on monthly broadband internet access service and/or voice service. For more information about Lifeline and program eligibility requirements, call us at 1-855-GEN4ACP (1-855-436-4227) or visit [www.genmobile/assist](http://www.genmobile/assist). Willfully making false statements to obtain the benefit can result in fines, imprisonment, de-enrollment or being barred from the Lifeline program. Only one Lifeline benefit is available per household. A household is not permitted to receive discounted Lifeline services from multiple providers. A household is defined, for purposes of the Lifeline program, as any individual or group of individuals who live together at the same address and share income and expenses. Violation of the one-per-household limitation constitutes a violation of the FCC's rules and will result in you being de-enrolled from the Lifeline program. Lifeline discount benefits are not transferable to other households or persons. Eligibility for Lifeline is determined by the National Verifier and National Lifeline Accountability Database (NLAD), administered by the Universal Service Administrative Company (USAC), or an alternative verification process approved by the FCC. Gen Mobile's complete Terms & Conditions and Consumer & Privacy Policies apply and are available at [www.genmobile.com](http://www.genmobile.com).  
 I hereby certify that I have read and understood the disclosures listed above regarding Lifeline benefits and consent to enroll in Lifeline with Gen Mobile.

**Lifeline Eligibility Criteria and Electronically Initiated Certifications:**  
 As stated in my enrollment application, I meet the income-based or program-based eligibility criteria for Lifeline in FCC rule 47 C.F.R. § 54.409.  
 I will notify Gen Mobile within 30 days if for any reason I no longer satisfy the criteria for receiving Lifeline including, as relevant, if I no longer meet the income-based or program-based criteria for receiving Lifeline support, I am receiving more than one Lifeline benefit, or another member of my household is receiving a Lifeline benefit.  
 If I am seeking to qualify for Lifeline as an eligible resident of Tribal lands, I live on Tribal lands, as defined in FCC rule 47 C.F.R. § 54.409(e).  
 If I move to a new address, I will provide that new address to Gen Mobile within 30 days;  
 My household will receive only one Lifeline service and, to the best of my knowledge, my household is not already receiving a Lifeline service.  
 The information contained in this certification form is true and correct to the best of my knowledge;  
 I acknowledge that providing false or fraudulent information to receive Lifeline benefits is punishable by law; and  
 I acknowledge that I may be required to re-certify my continued eligibility for Lifeline at any time, and my failure to re-certify my continued eligibility will result in de-enrollment and the termination of my Lifeline benefits pursuant to FCC rule 47 C.F.R. § 54.409(e)(4).

**Lifeline Benefit Transfer Consent:**  
A subscriber already enrolled in Lifeline with another provider must consent to the transfer of their Lifeline benefit to Gen Mobile. The effect of a Lifeline benefit transfer is that your Lifeline benefit will be applied to Gen Mobile's Lifeline service and will no longer be applied to service retained from your former Lifeline service provider. You may be subject to your former Lifeline provider's undiscounted rates as a result of the transfer if you elect to maintain service from that provider.  
 After receiving and reviewing the foregoing required disclosures, I consent to and authorize Gen Mobile to transfer my current Lifeline benefit to Gen Mobile, if I am found to already be receiving a Lifeline discount benefit from another Lifeline provider.

**General Disclosures and Authorizations**  
 I authorize and give express consent for Gen Mobile and its contracted partners to contact me to validate my eligibility for, desire to participate in, or subscription to Gen Mobile's ACP and/or Lifeline offers via email, telephone, or text messaging, including calls using an automated telephone dialing system, manually, or with pre-recorded/artificial voice messages. Text messaging and data rates may apply. I understand that opting out will not affect Gen Mobile's ability to contact me with notices and messages regarding ACP and/or Lifeline service(s) and Connected Device benefits via the methods listed herein.  
 I acknowledge that I am providing the information I have included in this form to Gen Mobile and its contracted partners and further authorize them to receive and use my information for enrollment verification and waste, fraud, and abuse mitigation purposes. I also authorize Gen Mobile and its contracted partners to receive and use my historic Emergency Broadband Benefit (EBB), ACP, and Lifeline enrollment information for verification and waste, fraud, and abuse mitigation purposes.  
 I authorize Gen Mobile and its contracted partners, for the purpose of applying for, determining eligibility, enrolling in, and seeking reimbursement of ACP and Lifeline services and Connected Device benefits, to collect, use, share, and retain my personal information, including but not limited to information required for the purpose of establishing eligibility for and enrolling in the ACP and Lifeline, and including, but not limited to, full name, full residential address, date of birth, last four digits of social security number, telephone number, eligibility criteria and status, the date on which the ACP and Lifeline service discounts were initiated, and, if applicable, terminated, usage status, and other compliance requirements, the amount of support being sought for the services, and information necessary to establish identity and verifiable address. This information may be shared with USAC to ensure proper administration of the ACP and Lifeline. Failure to provide consent will result in me being denied ACP and Lifeline services and Connected Device benefits.

**Certification of Truth and Correctness Under Penalty of Perjury:**  
 By checking this box, I hereby certify, under penalty of perjury, that the information included in the foregoing applications and certifications is true and correct to the best of my knowledge.

**E-sign Certification:**  
 I consent to use of this electronic form. I understand I have the right to enroll in the service using non-electronic methods. I further understand that I have the right to withdraw this consent at any time prior to the activation of my service. Gen Mobile has advised me and I understand that I may request a paper copy of my contractual terms and associated fees or withdraw this consent by dialing 611 from my Gen Mobile provided wireless number or by calling 1-855-GEN4ACP (1-855-436-4227) and revoking consent.
