Dear Luly,

Attached please find a large file and includes documentation to support my oral testimony regarding the use of tobacco science by Phillip Morris tobacco scientist Peter Valberg of Gradient in favor of smart meters.

This is a large file, if you need me to submit it in some other format, please let me know.

Thank you for your assistance, Patricia Burke

Attached please find expert testimony previously submitted in the Commonwealth of Massachusetts regarding smart meters from the Planetary Association for Clean Energy, noting,

PRINCIPAL FACTORS WARRANTING ATTENTION

Our independent collaborative network submits that there are 3 principal factors that warrant the attention of the legislators and public servants

HEALTH CONCERNS with widespread power-frequency & wireless technology: ‘There is extensive scientific

evidence of adverse health effects associated with cumulative effects

SAFETY & ACCELERATED CORROSION CONCERNS with wireless technology, including smart meters:

Significant problems have been attributed to smart meters, including explosions and fire

ECONOMIC/INSURANCE COVERAGE CONCERNS Utilities in Canada and the US are facing class action suits based on health claims, and standard exclusion from any liability coverage for claims (Exclusion 32, Lloyd’s of London/CFC Underwriting Limited)
