[Report Suspicious](#)

Good morning, I live in Portsmouth and am concerned about many outstanding issues regarding high voltage submarine cables transversing the entire length of the Sakonnet River, the only pristine river in Rhode Island.

Additionally because of the June 12 testimony of Frances Slingsby, SouthCoast CEO and sheer number of current/potential issues, the Rhode Island PUC Energy Facility Siting Board should NOT approve the SouthCoast application until they can demonstrate financial viability and stability for the life of the entire project.

Thank you, Nancy Howard
