Industrial Group LRS rates were correctly calculated and that the filing complied with the PUC approved LRS Procurement Plan.⁷ The Division noted that it had reviewed copies of the Company's March 17, 2023 Request for Proposals to solicit LRS supply, a summary of the procurement process identifying key actions taken by the Company, and the executed Transaction Confirmations. The Division reviewed the confidential information submitted in this docket and verified that the lowest bidder was selected for each load block for each of the 3 months during the proposed pricing period. The Division recommended approval of the proposed LRS rates for the Industrial Group for the period July 1, 2023, through September 30, 2023.

At an Open Meeting on June 22, 2023, the PUC unanimously approved the Company's rates as filed, finding the same to be reasonable and in conformance with the approved procurement plan.

Accordingly, it is hereby
