89 Jefferson Boulevard
Warwick, RI 02888

RE: Docket No. 23-25-EL – Town of Bristol Community Electricity Aggregation Plan Responses to PUC Data Requests – Set 1

Dear Ms. Massaro:

On behalf of The Narragansett Electric Company d/b/a Rhode Island Energy (“Rhode Island Energy” or the “Company”), enclosed please find the Company’s responses to the Public Utilities Commission’s First Set of Data Requests in the above-referenced matter.¹

Thank you for your attention to this filing. If you have any questions or concerns, please do not hesitate to contact me at 401-784-4263.

Sincerely,

Andrew S. Marcaccio

Enclosures

cc: Docket No. 23-25-EL Service List

¹ Per communication from Commission counsel on October 4, 2021, the Company is submitting an electronic version of this filing followed by six (6) hard copies filed with the Clerk within 24 hours of the electronic filing.

The Narragansett Electric Company
d/b/a Rhode Island Energy
RIPUC Docket No. 23-25-EL
In Re: Petition of Town of Bristol

For the Approval of the Proposed Community Electricity Aggregation Plan
Pursuant to R.I. Gen. Laws § 39-3-1.2
Responses to the Commission’s First Set of Data Requests
Issued on August 25, 2023

PUC 1-1

Request:

Please provide for each of the last three years for Bristol (or another readily available historical period – identify the period):

- a. the total kWh sales for the customers in Bristol;
- b. the number of customers by rate class;
- c. the percentage of customers, by rate class, to all customers of RI Energy, by rate class;
- d. the percentage of total sales (kWh or MWh) made to all customers in Bristol compared to all other RI Energy customers;
- e. the percentage of total revenue from all customers in Bristol compared to all other RI Energy customers;
- f. the total standard offer service sales (kWh or MWh) by rate class;
- g. the total standard offer service revenue by rate class.

Response:

Please see the tables below for responses to the above questions for the last three years (12-month periods ended July 2021, July 2022, and July 2023).

PUC 1-2

Request:

RI Energy's Terms and Conditions for Nonregulated Power Producers (RIPUC No. 2249) states: "The Company shall issue a single bill for electric service to all Customers in its service territory; provided, however, that Customers of Suppliers may request the Supplier to provide a separate bill for generation service provided by the Supplier."

- a. Are any customers in Bristol taking competitive supply receiving a separate bill from their supplier?
- b. If the response to a. is yes, how many customers taking competitive supply are receiving a bill from their supplier?
 - i. Is RI Energy able to determine the nonregulated power producer (competitive supply) kWh sales for these customers from the distribution kWh sales to these customers? If so, please provide that information.
- c. Please provide the total sales (kWh or MWh) billed to customers in Bristol by RI Energy on behalf of the nonregulated power producers by rate class for each of the last three years (or another readily available historical period – identify the period).
- d. Please provide the total billed to customers in Bristol by RI Energy on behalf of the nonregulated power producers by rate class for each of the last three years (using the same period used for PUC 1-2.c).

Response:

- a. Yes, there are customers in Bristol receiving a separate bill from their supplier.

Responses to the Commission’s First Set of Data Requests
Issued on August 25, 2023

PUC 1-3

Request:

What is the most recently available number of customers in Bristol by rate class (include a total as well)? Identify the date used for this response.

- a. How many of these customers (by rate class) are taking standard offer supply?
- b. How many of these customers (by rate class) are taking competitive supply?

Response:

The table below reflects the number of customers by rate class and supply type billed during the month of July 2023 for the Town of Bristol.

July 2023 Bristol Number of Customers			
Rate	Competitive Supply	Last Resort Service	Grand Total
A16	657	8,300	8,957
A60	55	419	474
C06	208	846	1,054
G02	64	43	107
G32	11	3	14
STL	13	13	26
Grand Total	1,008	9,624	10,632

The total customer count in this response differs from that provided in response to PUC 1-1(b) as the customer count provided in PUC 1-1(b) for the period ended July 2023 is the average of the 12 billing months in that period, while the customer count above represents only the billing month of July 2023.

PUC 1-4

Request:

Does RI Energy have the ability to track and retain data on customer migration between standard offer service and competitive supply in Bristol over time? If yes, with what level of temporal granularity? Using available information, please provide a table that shows the following:

- a. month and year;
- b. number of customers migrating from standard offer service to competitive supply by rate class;
- c. number of customers migrating from competitive supply to standard offer supply by rate class;
- d. an estimate of the kWh sales that migrated from standard offer service to competitive supply by rate class; and
- e. an estimate of the kWh sales that migrated from competitive supply to standard offer service by rate class.

Response:

Although the Company doesn't track the migration of customers from Last Resort Service to Competitive Supply or vice versa, the Company is able to provide total number of customers and kWh sales for Last Resort Service and Competitive Supply for any particular month by rate class. Please see Attachment PUC 1-4 for a breakdown of total customers and total kWh sales by rate class and supply type for the period August 2020 through July 2023.

Page 1 of Attachment PUC 1-4 reflects total number of customers by rate class and supply type for the above-mentioned time period. Page 2 of Attachment PUC 1-4 shows the percentage of total customers by rate class on Last Resort Service and Competitive Supply for the given month.

Page 3 of Attachment PUC 1-4 reflects total kWh sales by rate class and supply type for the above-mentioned time period. Page 4 of Attachment PUC 1-4 shows the percentage of kWh sales by rate class on Last Resort Service and Competitive Supply for the given month.
