Re: 50 Industrial Generation Unit – Docket No. RES-23-10

Dear Mr. Pudims,

The Rhode Island Public Utilities Commission (Commission) has completed its review of the supplemental documentation submitted on September 5 and September 27, 2023 regarding the 50 Industrial Generation Unit. The documentation received indicates the facility began Commercial Operation on September 1, 2023 and the facility has been assigned the NEPOOL-GIS Asset Identification Number MSS74472.

Commission Staff has determined that the supplied documentation complies with the terms of the conditional eligibility authorized in Order No. 24698. Commission Staff has assigned to the 50 Industrial Generation Unit the unique Rhode Island Public Utilities Commission Eligible Renewable Energy Resource Facility Certification Number RI-2310-N23. Renewable Energy Certificates associated with the production of energy from the 50 Industrial Generation Unit which are minted on or after October 12, 2023 are eligible for the Rhode Island Renewable Energy Standard.

I can be reached at (401) 780-2107 should you have any questions regarding this matter.

Sincerely,

A handwritten signature in cursive script that reads "Luly E. Massaro".
