November 21, 2023

Ms. Luly Massaro, Commission Clerk  
Rhode Island Public Utilities Commission  
89 Jefferson Boulevard  
Warwick, Rhode Island 02888

Dear Ms. Massaro:

We are filing, herewith, for effect December 23, 2023, tariff material consisting of:

PUC RI No. 15

<b>Part/Section</b>	<b>Revision of Pages</b>	<b>Original of Pages</b>
D/1	3	N/A

With this filing, Verizon Rhode Island (“Verizon RI”) proposes to withdraw the following services from the tariff in wire centers where Verizon continues to migrate its network to all fiber and retire its copper network. The RI PUC previously allowed the withdrawal of these same products in other wire centers where Verizon is migrating to an all fiber network.

- Foreign Exchange Service and Foreign Zone Service – Residential Customers
- Foreign Central Office Service – Residential Customers
- ISDN Basic Service - Residential

Verizon is working with the customers to find alternative services to meet the individual customer's needs. Listed below are some of the alternative services:

- Fiber-based voice services
- FiOS Internet Service
- Switched Ethernet Service
- Private Internet Protocol Service
- DS1 Service
- Machine-to-Machine Services through Verizon or Verizon Partner Program
- LTE

Verizon representatives will continue to work with each of the customers impacted to determine the best solution to meet their needs prior to service withdrawal. Verizon plans to notify the customers ninety days prior to the withdrawal date via direct mail. Copies of the customer notifications are attached.

Sincerely,

Sr. Manager – State & Local Gov't Relations

**Re: Services To Be Withdrawn: Switched/Special Access and Intra-LATA DSO Services in Areas of Connecticut, Massachusetts, New Jersey, New York and Rhode Island**

Dear Valued Customer,

Account Number: <BTN-Field2>  
Vision ID: <Vision\_Cust\_ID>  
Circuit ID: <PWD\_CKT\_ID>

As previously communicated, Verizon is updating its network to next generation, all-fiber facilities, including wire centers listed in Attachment 1. Verizon will discontinue certain Intra-State Switched and Special Access private line DSO services as well as certain Intra-LATA DSO services in the wire centers on or after **December 22, 2023**, subject to regulatory approval where required. The state-specific names for these services are shown in Attachment 2.

According to our records, you currently subscribe to at least one of the services referenced above.

Verizon will provide you with subsequent notice at least 90 days in advance of the actual date that your services will be disconnected. You may have received disconnection notifications for segments of this circuit at other locations. If you have a point-to-point service, the segment with the earliest disconnection date will serve as the disconnection date for the entire point-to-point service.

Modifications in service offerings for customers with existing contracts are subject to the terms of their contract, including any tariff or product-guide provisions incorporated into the contract.

At this time, please review your applications that use these services and determine whether you wish to migrate those applications to an alternative Verizon product or to another provider. We are happy to work with you to find alternative solutions such as fiber-based voice services, FiOS Internet Services, Switched Ethernet Service or Private Internet Protocol Service, DS1 Service or VoIP Services including Business Digital Voice (BDV) or Virtual Communication Express (VCE).

We value your business and look forward to helping you realize the benefits that our advanced offerings can unlock for you. Should you have any questions or would like to discuss alternatives to the service being discontinued, please contact your Verizon Account Manager or call Customer Service at the toll-free number shown on your invoice.

For questions regarding this service withdrawal correspondence, please contact Kevin Organ at 631.206.7106 or email the program office at [VZProductWithdrawal@one.verizon.com](mailto:VZProductWithdrawal@one.verizon.com).

Sincerely,

Verizon
