RIPUC Docket No. 23-35-EE  
In Re: 2024-2026 Three-Year Energy Efficiency Plan and  
2024 Annual Energy Efficiency Plan  
Responses to the Commission's First Set of Data Requests  
Issued on October 20, 2023

PUC 1-37 (Corrected)  
**Program design and offerings**

Request:

Please update the response to PUC 1-27 in Docket No. 22-33-EE with actual information on the 100% weatherization incentive offerings for moderate income customers in 2023.

Response:

Please see Attachment PUC 1-27 which shows the updated Q2, 2022 through Q2, 2023 moderate income participation numbers and costs reported for RGGI. 354 moderate income customers have been served during this period with 174 moderate income customers participating in 2022 and 180 moderate income customers participating in 2023. As of Q3 2023, the RGGI funding for moderate income customers have been depleted and the moderate income offering has transitioned to an income verification model with energy efficiency funding covering the moderate income customer weatherization copayment. The Company has not yet been invoiced for these income qualification services in 2023, so the specific costs are not available at this time.

Corrected Response:

Please see Attachment PUC 1-37 **(Corrected)** which shows the updated Q2, 2022 through Q2, 2023 moderate income participation numbers and costs reported for RGGI. 354 moderate income customers have been served during this period with 174 moderate income customers participating in 2022 and 180 moderate income customers participating in 2023.
