

**STATE OF RHODE ISLAND  
PUBLIC UTILITIES COMMISSION**

**IN RE:           THE NARRAGANSETT ELECTRIC        :**  
**COMPANY d/b/a RHODE ISLAND       :**  
**ENERGY’S PROPOSED FY 2025 GAS       :**  
**INFRASTRUCTURE, SAFETY AND        :**  
**RELIABILITY PLAN                       :**     **Docket No. 23-49-NG**

**THE ATTORNEY GENERAL OF THE STATE OF RHODE ISLAND’S  
MOTION TO INTERVENE**

NOW COMES Peter F. Neronha, Attorney General of the State of Rhode Island (“Attorney General”), and hereby moves to intervene with full-party status in the above-captioned proceeding in accordance with Rule 1.14(B) of the Public Utilities Commission’s (the “Commission”) Rules of Practice and Procedure (the “Commission Rules”).

**I.     Standard of Review**

Commission Rule 1.14(B) states that “any person claiming a right to intervene or an interest of such nature that intervention is necessary or appropriate may intervene in any proceeding before the Commission.” 810-RICR-00-00-1.14(B). Further, such right or interest may be:

- a. A right conferred by statute.
- b. An interest which may be directly affected and which is not adequately represented by existing parties and as to which movants may be bound by the Commission’s action in the proceeding. (The following may have such an interest: consumers served by the applicant, defendant, or respondent; holders of securities of the applicant, defendant, or respondent.)
- c. Any other interest of such a nature that movant’s participation may be in the public interest.

810-RICR-00-00-1.14(B)(1)-(3). As explained below, the Attorney General has a statutory right to intervene and is in a unique position to represent the interests of the State and the public such that intervention is both necessary and appropriate.

## **II. Basis for Intervention**

On December 21, 2023, The Narragansett Electric Company d/b/a Rhode Island Energy (“Rhode Island Energy” or the “Company”) filed its Fiscal Year 2025 Gas Infrastructure, Safety and Reliability (“ISR”) Plan. At the time of filing, the Company had not reached agreement with the Division of Public Utilities and Carriers (“Division”) with respect to its ISR Plan, despite having consulted with the Division about its plan since at least October 27, 2023. *See* Filing Correspondence (December 21, 2023) at Page 1. Pursuant to R.I. Gen. Laws § 39-1-27.7.1(d)(4), “[i]f the company and the division cannot agree on a plan, the [C]ompany shall file a proposed plan with the [C]ommission and the [C]ommission shall review and, if the investments and spending are found to be reasonably needed to maintain safe and reliable distribution service over the short and long term, approve the plan within ninety (90) days.” The ISR Plan addresses the Company’s proposed activities from April 2024 through March 2025 with respect to, *inter alia*: maintaining and upgrading the gas delivery system through proactively replacing leak-prone pipe; upgrading the gas delivery system’s custody transfer stations, pressure regulating facilities, and peak shaving plants; responding to emergency leak situations; and addressing infrastructure conflicts that arise out of state, municipal, and third-party construction projects. The ISR Plan proposes some \$185.41 million in capital investment. The ISR Plan also addresses the revenue requirement (a proposed \$74,096,163), rate design, and bill impacts (including an expected average annual bill increase of \$48.28 or 2.9%) related to the Company’s proposal.

In this docket, the Attorney General seeks to represent the interests of the ratepayers and the public as a whole. He is in a unique position to represent these interests and should be permitted to do so. The Attorney General is, pursuant to § 42-9-6 of the General Laws of Rhode Island of 1956, as amended, the “legal advisor of all state boards, divisions, departments, and commissions and the officers thereof...” He is also the public officer charged with representing the State of Rhode Island, the public interest, and the people of the State. This includes representation with respect to environmental, electric or gas industry matters, as well as consumer protection matters. Additionally, the Attorney General “has a common law duty to protect the public interest.” *State v. Lead Indus., Ass’n, Inc.*, 951 A.2d 428, 471 (R.I. 2008) (quoting *Newport Realty, Inc. v. Lynch*, 878 A.2d 1021, 1032 (R.I. 2005)).

It should also be noted that the Attorney General has been granted full-party status in prior proceedings before the Commission involving public utility operations and rates. Moreover, the legislature and courts have recognized role of the Attorney General as an intervenor on behalf of the state or its citizens as customers of the public utility. *See e.g.* R.I. Gen. Laws § 39-1-19(b), *see also Narragansett Elec. Co. v. Harsch*, 117 R.I. 395, 405 n. 6 (1977).

Participation by the Attorney General in the instant proceeding is sanctioned by law and consistent with the public interest. The Attorney General seeks to intervene to ensure that the Company’s Gas ISR Plan is fully vetted and that any potential impacts and/or alternatives are carefully considered. This includes careful consideration of financial impacts, as well as impacts related to significant investments in the State’s gas infrastructure in light of the Act on Climate’s greenhouse gas emission reduction mandates. *See* R.I. Gen. Laws § 42-6.2-9.

### III. Conclusion

For the reasons set forth herein, the Attorney General respectfully requests that the Public Utilities Commission grant his Motion to Intervene in this proceeding.

Respectfully submitted,

PETER F. NERONHA  
ATTORNEY GENERAL OF THE  
STATE OF RHODE ISLAND

By his Attorney,

/s/ Nicholas M. Vaz  
Nicholas M. Vaz (#9501)  
Special Assistant Attorney General  
Office of the Attorney General
