RE: Docket RES-23-30 – IGS Solar, LLC - 23RI-2T2QK Aggregated Application

RES Administrator:

Pursuant to PUC Order No. 24900, Paragraph 4, IGS Solar, LLC – 23RI-252QK submits to add twenty-eight (28) Generation Units located in Rhode Island, each in its own aggregation, for qualification as eligible New Renewable Energy Resources. IGS Solar has submitted the new data consisting of the Company's Aggregate System Template spreadsheet and supporting documentation verifying commercial operations and unique NEPOOL GIS Identification Number for each facility.

Sincerely,
