**Re: The Narragansett Electric Company's Notice of Intent Application for the Tiverton Tap Rebuild Project in Tiverton, Rhode Island**

Dear Mr. Watson:

Pursuant to Section 42-98-8 of the General Laws of the State of Rhode Island ("Energy Facility Siting Act") and Section 1.6 (f) of the Rules of Practice and Procedure of the Energy Facility Siting Board ("Rules"), I hereby notify you that the Notice of Intent Application for the asset condition refurbishment of the Tiverton Tap Rebuild Project, as described in the application filed with the Energy Facility Siting Board ("EFSB") by the Narragansett Electric Company on June 24, 2024, is docketed as of June 27, 2024 and assigned Docket Number SB-2024-02. This letter shall constitute written notice of the docketing date.

As required by Rule 1.6 (h), the EFSB will hold public hearings in or around Tiverton. Subsequent to those hearings, the EFSB will determine "whether the project may result in a significant impact on the environment or the public health, safety and welfare," thereby requiring full EFSB review.

Should you have any questions, please do not hesitate to call me at 401-780-2108.

Sincerely,

A handwritten signature in blue ink, appearing to read "Kristen Masse".
