**Re: The Narragansett Electric Company
L14 M13 Mainline 115 kV Rebuild Project
EFSB Application**

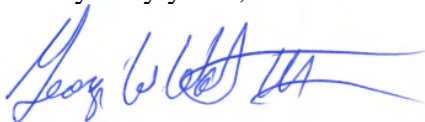

Dear Ms. Chabot:

Pursuant to Rhode Island General Laws § 42-98-9.1(a) and the Energy Facility Siting Board's ("EFSB") Rules of Practice and Procedure Rule 1.8(F), enclosed is a copy of The Narragansett Electric Company's Application for the L14 M13 Mainline 115 kV Rebuild Project that was filed with the EFSB. The aforementioned provisions require notice of applications to "the councils of the towns and cities affected" by the proposed project. Enclosed for distribution to each member of the Town Council are copies of the Application, including a copy of the Siting Report.

The EFSB will notify you when it schedules its public comment hearing. Please feel free to contact Kristen Masse, Coordinator with the EFSB, at (401) 780-2108 or me with any questions or comments.

Please do not hesitate to contact me should you require additional copies of the enclosed documents.

Very truly yours,

George W. Watson III
