RE: Town of Portsmouth, Docket No. 5169 – Annual Report

Dear Ms. Massaro:

In accordance with Order No. 24261, enclosed for filing please find the Annual Report of the Town of Portsmouth together with Attachments for the first full year of its Community Electricity Aggregation program, from May 2023 – May 2024.

Good Energy has presented this annual program information for the term May 2023 – December 2023 as well as January 2024 – May 2024. Going forward, for consistency amongst the programs and filing requirements, Good Energy seeks to provide this annual information on a calendar year basis. Accordingly, Good Energy will provide the next annual report for calendar year 2024 in February 2025. This reflects its intention when it proposed the annual program reporting requirements. See Order No. 24262, Appendix A at 5, part 1 (number of customers served at launch and at the time of the December meter read).

An original and five (5) copies will be delivered via U.S. Mail in addition to this electronic version. If you have any questions regarding this submission, please contact me at (781) 856-9374. Thank you for your attention to this filing.

Respectfully submitted,

Laura S. Olton
Counsel for Good Energy, L.P.

Enclosure

cc: Docket 5169 Service List (by e-mail)

Certificate of Service

I hereby certify that a copy of the cover letter and any materials accompanying this certificate was electronically transmitted to the individuals listed below.

Portsmouth Community Electricity Annual Program Report

Docket No. 5169
May 2023 - May 2024

1. Number of Accounts Served¹

Program Benchmark	Total Accounts Served
Initial Program Launch	6,829
December 2023 Meter Read	7,077
May 2024 Meter Read	6,898

2. Opt-Outs

Program Benchmark	Affirmative Opt-Outs²	Total Opt-Outs³
Initial Program Launch	1,344	1,395
September 2023 program sweep	18	142
December 2023 program sweep	15	30
March 2024 program sweep	24	127
Total	1,401	1,694

3. Electricity Sales

Term	Total kWh sold
May 2023 - May 2024	59,304,720

¹ While the Order references the total number of “customers” served, “accounts” served more accurately reflects participants in the program.

² This number represents affirmative opt-outs of the Program (mail-in opt-out card, website form, phone).

³ This number represents all eligible accounts not enrolled in the Program. It includes those accounts who affirmatively opted-out as well as undeliverable/returned mail.

4. Program Migration

Term	Total Migrated Accounts ⁴
May 2023 - May 2024	857

5. Product Rates and Details

Product Name	Rate (in ¢/kWh)	Voluntary RI New Renewable Energy	Total Renewable Energy	Electricity Supplier	Term ⁵
Portsmouth Standard	9.361 ¢/kWh - Residential 9.897 ¢/kWh - Commercial	5%	28%	NextEra Energy Services Rhode Island, LLC	May - November 2023
	11.920 ¢/kWh - Industrial	5%	28%	NextEra Energy Services Rhode Island, LLC	May - August 2023
	8.632 ¢/kWh - Industrial	5%	28%	NextEra Energy Services Rhode Island, LLC	August - November 2023
	17.641 ¢/kWh - Residential 17.023 ¢/kWh - Commercial	5%	28% in 2023 33% in 2024	NextEra Energy Services Rhode Island, LLC	November 2023 - May 2024
	17.184 ¢/kWh - Industrial	5%	28% in 2023 33% in 2024	NextEra Energy Services Rhode Island, LLC	November 2023 - February 2024

⁴ This number represents all accounts that left the program during the year, including accounts that were closed (i.e., canceled service entirely or moved to a new location). Good Energy was unaware of Supplier's inability to filter out such closed accounts when proposing the annual program reporting requirements.

⁵ Each term begins and ends on meter reads for months shown.

	9.993 ¢/kWh - Industrial	5%	33%	NextEra Energy Services Rhode Island, LLC	February - May 2024
	10.291 ¢/kWh - Residential 9.685 ¢/kWh - Commercial	5%	33%	NextEra Energy Services Rhode Island, LLC	May - November 2024
	8.721¢/kWh - Industrial	5%	33%	NextEra Energy Services Rhode Island, LLC	May - August 2024
Portsmouth Basic	9.151 ¢/kWh - Residential 9.689 ¢/kWh - Commercial	0%	23%	NextEra Energy Services Rhode Island, LLC	May - October 2023
	11.719 ¢/kWh - Industrial	0%	23%	NextEra Energy Services Rhode Island, LLC	May - August 2023
	8.434 ¢/kWh - Industrial	0%	23%	NextEra Energy Services Rhode Island, LLC	August - November 2023
	17.430 ¢/kWh - Residential 16.812 ¢/kWh - Commercial	0%	23% in 2023 28% in 2024	NextEra Energy Services Rhode Island, LLC	November 2023 - May 2024
	16.982 ¢/kWh - Industrial	0%	23% in 2023 28% in 2024	NextEra Energy Services Rhode Island, LLC	November 2023 - February 2024
	9.770 ¢/kWh - Industrial	0%	28%	NextEra Energy Services Rhode Island, LLC	February - May 2024
	10.048 ¢/kWh -	0%	28%	NextEra	May - November

Notes

- All electricity generated within the ISO New England (ISO-NE) control area and fed on to the New England grid, as well as electricity exchanged between ISO-NE and adjacent control areas, is tracked via the New England Power Pool (NEPOOL) Generation Information System (GIS). For each megawatt hour (MWh) of electricity generated within or exchanged between the ISO-NE control area, whether renewable or not, one serial-numbered, electronic GIS certificate is created. The GIS certificate represents all attributes or characteristics, such as fuel source, air emissions, location, etc. of that one MWh of electricity. The information in this Energy Source Disclosure is based on GIS Certificates obtained and retired by the Supplier. For detail about these attributes please see [insert link or directions for more detail].
- Renewable Energy Standard (RES): is defined in the R.I. Gen Laws 39-26. The GIS certificates are retired by June 15th of the following year.
- Voluntary: GIS certificates of REC attributes in addition to the RES. The Voluntary REC attributes will be entirely from sources qualified as RI New sources (See R.I. Gen Laws 39-26) that are located only in New England. The GIS certificates can be retired by September 15th of the following year.
- Other Known Resources: Any other GIS certificates for electricity obtained by Supplier from specific generating units.
- Residual Mix: NextEra Energy Services Rhode Island may purchase electricity supply from system power contracts, not from specific generating units. System power is assigned attributes based on the mix of GIS certificates of sources found on the New England electricity grid that have not been obtained and retired by other entities, referred to as the "Residual Mix". The Residual Mix will largely be non-renewable, because most GIS certificates for renewable energy are obtained to meet the RI RES (and their equivalent in other New England states) or voluntary requirements. The total Residual Mix is reduced by the REC attributes retired based on the product chosen.

6. Emissions for the product are calculated based on the emissions for the GIS Certificates the Supplier has obtained and retired. Average emissions for all power sources are calculated based on the System Mix from NEPOOL GIS, which include all GIS Certificates in the entire system. 100% is the average (baseline) emissions of the System Mix

7. See your contract terms and conditions for further information on this label. You may contact NextEra Energy Services toll free at 1-877-387-1083, the Rhode Island Office of Energy Resources at 1-401-574-9100 or the Rhode Island Department of Public Utilities at 1-401-941-4500.

8. The effective price above applies to usage between November 2023 meter read dates and May 2024 meter read dates meter read dates for Residential and Commercial customers, and for February 2024 and May 2024 meter read dates for Industrial customers.

9. NextEra Energy Services Rhode Island retires renewable energy certificates ("RECs") in addition to the RES Requirement as follows:

Standard Product: RECs representing generation from RI New resources in an amount equal to 5% of usage.

Opt-In Basic: None

Opt-In 50 Green: RECs representing generation from RI New resources in an amount equal to 50% of usage.

Opt-In 100 Green: RECs representing generation from RI New resources in an amount equal to 100% of usage..

Town of Portsmouth

The Town of Portsmouth is pleased to introduce you to Portsmouth Community Electricity Program, our Town's electricity supply Program. The Program aims to help our community members manage electricity costs, increase renewable energy use and reduce carbon pollution. Portsmouth Town Council approved this Program in August 2020.

You received this letter because your electricity account is scheduled for automatic enrollment in the Portsmouth's Program starting May 2023. The deadline to take action before enrollment is April 3, 2023. Your participation in Portsmouth's program is voluntary and this letter explains your options.

YOUR OPTIONS

- 1 **Automatically enroll in Portsmouth Standard** - To enroll in Portsmouth Standard, no action is needed.
- 2 **Choose to enroll in another Portsmouth product** - To choose another Portsmouth product, call our Program's electricity supplier, NextEra Energy Services Rhode Island, LLC, at (888) 387-1083, or submit a request at Electricity.PortsmouthRI.com.
- 3 **Choose to continue with Rhode Island Energy's supply, called Last Resort Service** - To remain with Last Resort Service for your electricity supply, you must opt out. To opt out before being automatically enrolled you must take one of the following actions on or before **April 3, 2023**:

Postmark and mail the enclosed opt-out card *or* call Portsmouth's Supplier, NextEra Energy Services Rhode Island, LLC at (888) 387-1083 *or* submit the opt-out form at Electricity.PortsmouthRI.com

ELECTRICITY SUPPLY PRODUCT SUMMARY

	Rhode Island Energy Last Resort Service (if you opt out)	Portsmouth Basic	Portsmouth Standard (automatic)	Portsmouth 50	Portsmouth 100
Residential Price	9.761 ¢/kWh	9.151 ¢/kWh	9.361 ¢/kWh	10.222 ¢/kWh	12.321 ¢/kWh
Voluntary Renewable Energy	None	None	Adds 5% voluntary renewable energy (RI New RECs)	Adds voluntary renewable energy (RI New RECs) to total 50%	Adds voluntary renewable energy (RI New RECs) to total 100%
Duration	April to September 2023	May to November 2023	May to November 2023	May to November 2023	May to November 2023

The Last Resort Service Rate above reflects the rate filed by Rhode Island Energy in RI PUC Commission Docket 23-01-EL on January 19, 2023, and includes components that may be adjusted by Rhode Island Energy. The Program cannot guarantee savings beyond the current term of Last Resort Service, as stated in the table above, because future Last Resort Service rates are unknown.

ELECTRICITY SUPPLY PRODUCT DETAIL

- Program prices apply to service beginning and ending on the days of the month that your meter is read.
- Program prices include a fee of \$0.001 per kilowatt hour (kWh) for the Town's aggregation consultant. Any applicable taxes will be added by Rhode Island Energy to your bill.
- At the end of the pricing term, you will be automatically renewed in your current product which may have a new price and a different percentage of voluntary renewable energy as negotiated by the Town. Pricing is expected to change every six to twelve months for Residential customers. The Town will announce price changes at least 30 days before any such price change takes effect. Product details will always be available at the Town's website for the Program: Electricity.PortsmouthRI.com.
- You may leave the Program at any time by contacting Portsmouth's Supplier at (888) 387-1083 or by visiting the Program website at Electricity.PortsmouthRI.com.
- Rhode Island requires all electricity supply products to include a minimum amount of renewable energy, known as the Renewable Energy Standard (RES). Some Portsmouth Program products contain voluntary renewable energy that exceeds the RES, as shown below:

Year 2023	RES	Rhode Island Energy Last Resort Service (if you opt out)	Portsmouth Basic	Portsmouth Standard (automatic)	Portsmouth 50	Portsmouth 100
Mandated	23%	23%	23%	23%	23%	23%
Voluntary	0%	0%	0%	5%	27%	77%
Total	23%	23%	23%	28%	50%	100%

Generation sources that qualify for the RES are known as RI New and must be built after 1997 and be located within or delivered to New England (2% may come from sources built prior to 1997, called RI Existing). The Portsmouth Program sources all voluntary renewable energy, above the RES, from sources that qualify as RI New, come from solar, wind, anaerobic digestion, and low-impact hydro, and are located only within New England.

PORTSMOUTH PROGRAM DETAIL

- Portsmouth Program website: Electricity.PortsmouthRI.com. The Program is served by NextEra Energy Services Rhode Island, LLC, PUC license number: D-96-6(M3), (888) 387-1083.
- There are two parts to your Rhode Island Energy electricity bill, (1) Delivery Services and (2) Supply Services. If you participate in Portsmouth's Program:
 - Rhode Island Energy will continue to provide all Delivery Services, which includes responding to power outages. You will continue to receive your electricity bill from Rhode Island Energy.
 - The Supply Services portion of the bill will change to reflect your participation in Portsmouth's Program.
 - Customers in the Low-Income Rate Class (A60) will continue to receive their current percentage discount on the entire electricity bill.
 - Budget billing customers will continue to receive budget billing for the Delivery Services portion of the bill.
 - Customers that receive solar electricity benefits from net metering credits and/or Renewable Energy Growth program payments will continue to receive those benefits.
 - You may leave the Program or switch to a different program option at any time, without penalty.
- If you have questions about the Delivery Services portion of your bill or about Last Resort Service supply, contact Rhode Island Energy at (855) 743-1101, or by visiting RIEnergy.com
- If you are receiving electricity supply from a competitive supplier and believe you have received this opt-out letter in error, you must notify Portsmouth's Supplier as outlined in Option 3 above. This will ensure you continue to receive your electricity from that competitive supplier and prevent any possible early termination fees.

Town of Portsmouth

The Town of Portsmouth is pleased to introduce you to Portsmouth Community Electricity Program, our Town's electricity supply Program. The Program aims to help our community members manage electricity costs, increase renewable energy use and reduce carbon pollution. Portsmouth Town Council approved this Program in August 2020.

You received this letter because your electricity account is scheduled for automatic enrollment in the Town's Program starting May 2023. The deadline to take action before enrollment is April 3, 2023. Your participation in Portsmouth's program is voluntary and this letter explains your options.

YOUR OPTIONS

- 1 **Automatically enroll in Portsmouth Standard** - To enroll in Portsmouth Standard, no action is needed.
- 2 **Choose to enroll in another Portsmouth product** - To choose another Portsmouth product, call our Program's electricity supplier, NextEra Energy Services Rhode Island, LLC, at (888) 387-1083, or submit a request at Electricity.PortsmouthRI.com.
- 3 **Choose to continue with Rhode Island Energy's supply, called Last Resort Service** - To remain with Last Resort Service for your electricity supply, you must opt out. To opt out before being automatically enrolled you must take one of the following actions on or before **April 3, 2023**:

Postmark and mail the enclosed opt-out card *or* call Portsmouth's Supplier, NextEra Energy Services Rhode Island, LLC at (888) 387-1083 *or* submit the opt-out form at Electricity.PortsmouthRI.com

ELECTRICITY SUPPLY PRODUCT SUMMARY

	Rhode Island Energy Last Resort Service (if you opt out)	Portsmouth Basic	Portsmouth Standard (automatic)	Portsmouth 50	Portsmouth 100
Commercial Price	10.385 ¢/kWh	10.077 ¢/kWh	10.285 ¢/kWh	11.137 ¢/kWh	13.213 ¢/kWh
	April to Sept. 2023	May to Nov. 2023	May to Nov. 2023	May to Nov. 2023	May to Nov. 2023
Industrial Price	12.831 ¢/kWh	11.719 ¢/kWh	11.920 ¢/kWh	12.743 ¢/kWh	14.749 ¢/kWh
	April 2023 only	May to Aug. 2023	May to Aug. 2023	May to Aug. 2023	May to Aug. 2023
Voluntary Renewable Energy	None	None	Adds 5% voluntary renewable energy (RI New RECs)	Adds voluntary renewable energy (RI New RECs) to total 50%	Adds voluntary renewable energy (RI New RECs) to total 100%

The Last Resort Service Rates above reflect the rates filed by Rhode Island Energy in RI PUC Commission Docket 23-01-EL on January 19, 2023, and includes components that may be adjusted by Rhode Island Energy. The Program cannot guarantee savings beyond the current term of Last Resort Service, as stated in the table above, because future Last Resort Service rates are unknown.

ELECTRICITY SUPPLY PRODUCT SUMMARY

	Rhode Island Energy Last Resort Service (if you opt out)	Portsmouth Basic	Portsmouth Standard (automatic)	Portsmouth 50	Portsmouth 100
Residential Price	17.741 ¢/kWh	17.430 ¢/kWh	17.641 ¢/kWh	18.462 ¢/kWh	20.666 ¢/kWh
Additional Voluntary Renewable Energy	None	None	Adds 5% voluntary renewable energy (RI New RECs)	Adds voluntary renewable energy (RI New RECs) to total 50%	Adds voluntary renewable energy (RI New RECs) to total 100%
Duration	October 2023 to March 2024	November 2023 to May 2024	November 2023 to May 2024	November 2023 to May 2024	November 2023 to May 2024

The Last Resort Service Rate above reflects the rate filed by Rhode Island Energy in RI PUC Commission Docket 23-01-EL on July 25, 2023, and includes components that may be adjusted by Rhode Island Energy. The Program cannot guarantee savings beyond the current term of Last Resort Service, as stated in the table above, because future Last Resort Service rates are unknown.

ELECTRICITY SUPPLY PRODUCT DETAIL

- Program prices apply to service beginning and ending on the days of the month that your meter is read.
- Program prices include a fee of \$0.001 per kilowatt hour (kWh) for the Town's aggregation consultant. Any applicable taxes will be added by Rhode Island Energy to your bill.
- At the end of the pricing term, you will be automatically renewed in your current product which may have a new price and a different percentage of voluntary renewable energy as negotiated by the Town. Pricing is expected to change every six to twelve months for Residential customers. The Town will announce price changes at least 30 days before any such price change takes effect. Product details will always be available at the Town's website for the Program: Electricity.PortsmouthRI.com.
- You may leave the Program at any time by contacting Portsmouth's Supplier at (888) 387-1083 or by visiting the Program website at Electricity.PortsmouthRI.com.
- Rhode Island requires all electricity supply products to include a minimum amount of renewable energy, known as the Renewable Energy Standard (RES). Some Portsmouth Program products contain voluntary renewable energy that exceeds the RES, as shown below:

Year 2024	RES	Rhode Island Energy Last Resort Service (if you opt out)	Portsmouth Basic	Portsmouth Standard (automatic)	Portsmouth 50	Portsmouth 100
Mandated	28%	28%	28%	28%	28%	28%
Voluntary	0%	0%	0%	5%	22%	72%
Total	28%	28%	28%	33%	50%	100%

Generation sources that qualify for the RES are known as RI New and must be built after 1997 and be located within or delivered to New England (2% may come from sources built prior to 1997, called RI Existing). The Portsmouth Program sources all voluntary renewable energy, above the RES, from sources that qualify as RI New, come from solar, wind, anaerobic digestion, and low-impact hydro, and are located only within New England.

PORTSMOUTH PROGRAM DETAIL

- Portsmouth Program website: Electricity.PortsmouthRI.com. The Program is served by NextEra Energy Services Rhode Island, LLC, PUC license number: D-96-6(M3), (888) 387-1083.
- There are two parts to your Rhode Island Energy electricity bill, (1) Delivery Services and (2) Supply Services. If you participate in Portsmouth's Program:
 - o Rhode Island Energy will continue to provide all Delivery Services, which includes responding to power outages. You will continue to receive your electricity bill from Rhode Island Energy.
 - o The Supply Services portion of the bill will change to reflect your participation in Portsmouth's Program.
 - o Customers in the Low-Income Rate Class (A60) will continue to receive their current percentage discount on the entire electricity bill.
 - o Budget billing customers will continue to receive budget billing for the Delivery Services portion of the bill.
 - o Customers that receive solar electricity benefits from net metering credits and/or Renewable Energy Growth program payments will continue to receive those benefits.
 - o You may leave the Program or switch to a different program option at any time, without penalty.
- If you have questions about the Delivery Services portion of your bill or about Last Resort Service supply, contact Rhode Island Energy at (855) 743-1101, or by visiting RIEnergy.com
- If you are receiving electricity supply from a competitive supplier and believe you have received this opt-out letter in error, you must notify Portsmouth's Supplier as outlined in Option 3 above. This will ensure you continue to receive your electricity from that competitive supplier and prevent any possible early termination fees.

Town of Portsmouth

The Town of Portsmouth is pleased to introduce you to Portsmouth Community Electricity Program, our Town's electricity supply Program. The Program aims to help our community members manage electricity costs, increase renewable energy use and reduce carbon pollution. Portsmouth Town Council approved this Program in September 2020.

You received this letter because your electricity account is scheduled for automatic enrollment in the Town's Program starting December 2023. The deadline to take action before enrollment is November 6, 2023. Your participation in Portsmouth's program is voluntary and this letter explains your options.

YOUR OPTIONS

- 1 **Automatically enroll in Portsmouth Standard** - To enroll in Portsmouth Standard, no action is needed.
- 2 **Choose to enroll in another Portsmouth product** - To choose another Portsmouth product, call our Program's electricity supplier, NextEra Energy Services Rhode Island, LLC, at (888) 387-1083, or submit a request at Electricity.PortsmouthRI.com.
- 3 **Choose to continue with Rhode Island Energy's supply, called Last Resort Service** - To remain with Last Resort Service for your electricity supply, you must opt out. To opt out before being automatically enrolled you must take one of the following actions on or before **November 6, 2023**:

Postmark and mail the enclosed opt-out card *or* call Portsmouth's Supplier, NextEra Energy Services Rhode Island, LLC at (888) 387-1083 *or* submit the opt-out form at Electricity.PortsmouthRI.com

ELECTRICITY SUPPLY PRODUCT SUMMARY

	Rhode Island Energy Last Resort Service (if you opt out)	Portsmouth Basic	Portsmouth Standard (automatic)	Portsmouth 50	Portsmouth 100
Commercial Price	17.123 ¢/kWh	17.010 ¢/kWh	17.221¢/kWh	18.057 ¢/kWh	20.263 ¢/kWh
	Oct'23 to Mar'24	Nov'23 to May'24	Nov'23 to May'24	Nov'23 to May'24	Nov'23 to May'24
Industrial Price	18.261 ¢/kWh	16.982 ¢/kWh	17.184 ¢/kWh	17.969 ¢/kWh	20.081 ¢/kWh
	Dec'23	Nov'23 to Feb'24	Nov'23 to Feb'24	Nov'23 to Feb'24	Nov'23 to Feb'24
Voluntary Renewable Energy	None	None	Adds 5% voluntary renewable energy (RI New RECs)	Adds voluntary renewable energy (RI New RECs) to total 50%	Adds voluntary renewable energy (RI New RECs) to total 100%

The Last Resort Service Rates above reflect the rates filed by Rhode Island Energy in RI PUC Commission Docket 23-01-EL on July 25, 2023, and include components that may be adjusted by Rhode Island Energy. The Program cannot guarantee savings beyond the current term of Last Resort Service, as stated in the table above, because future Last Resort Service rates are unknown.

ELECTRICITY SUPPLY PRODUCT DETAIL

- Program prices apply to service beginning and ending on the days of the month that your meter is read.
- Program prices include a fee of \$0.001 per kilowatt hour (kWh) for the Town's aggregation consultant. Any applicable taxes will be added by Rhode Island Energy to your bill.
- At the end of the pricing term, you will be automatically renewed in your current product which may have a new price and a different percentage of voluntary renewable energy as negotiated by the Town. Pricing is expected to change every six to twelve months for Commercial customers and every three months for Industrial customers. The Town will announce price changes at least 30 days before any such price change takes effect. Product details will always be available at the Town's website for the Program: Electricity.PortsmouthRI.com.
- You may leave the Program at any time by contacting Portsmouth's Supplier at (888) 387-1083 or by visiting the Program website at Electricity.PortsmouthRI.com.
- Rhode Island requires all electricity supply products to include a minimum amount of renewable energy, known as the Renewable Energy Standard (RES). Some Portsmouth Program products contain voluntary renewable energy that exceeds the RES, as shown below:

Year 2024	RES	Rhode Island Energy Last Resort Service (if you opt out)	Portsmouth Basic	Portsmouth Standard (automatic)	Portsmouth 50	Portsmouth 100
Mandated	28%	28%	28%	28%	28%	28%
Voluntary	0%	0%	0%	5%	22%	72%
Total	28%	28%	28%	33%	50%	100%

Generation sources that qualify for the RES are known as RI New and must be built after 1997 and be located within or delivered to New England (2% may come from sources built prior to 1997, called RI Existing). The Portsmouth Program sources all voluntary renewable energy, above the RES, from sources that qualify as RI New, come from solar, wind, anaerobic digestion, and low-impact hydro, and are located only within New England.

PORTSMOUTH PROGRAM DETAIL

- Portsmouth Program website: Electricity.PortsmouthRI.com. The Program is served by NextEra Energy Services Rhode Island, LLC, PUC license number: D-96-6(M3), (888) 387-1083.
- There are two parts to your Rhode Island Energy electricity bill, (1) Delivery Services and (2) Supply Services. If you participate in Portsmouth's Program:
 - o Rhode Island Energy will continue to provide all Delivery Services, which includes responding to power outages. You will continue to receive your electricity bill from Rhode Island Energy.
 - o The Supply Services portion of the bill will change to reflect your participation in Portsmouth's Program.
 - o Budget billing customers will continue to receive budget billing for the Delivery Services portion of the bill.
 - o Customers that receive solar electricity benefits from net metering credits and/or Renewable Energy Growth program payments will continue to receive those benefits.
 - o You may leave the Program or switch to a different program option at any time, without penalty.
- If you have questions about the Delivery Services portion of your bill or about Last Resort Service supply, contact Rhode Island Energy at (855) 743-1101, or by visiting RIEnergy.com
- If you are receiving electricity supply from a competitive supplier and believe you have received this opt-out letter in error, you must notify Portsmouth's Supplier as outlined in Option 3 above. This will ensure you continue to receive your electricity from that competitive supplier and prevent any possible early termination fees.

Press Release FOR IMMEDIATE RELEASE

PORTSMOUTH ANNOUNCES NEW COMMUNITY WINTER ELECTRICITY PRICES

Point of Contact

Richard Talipsky

rtalipsky@portsmouthri.gov

401-643-0382

FOR IMMEDIATE RELEASE

Portsmouth Community Electricity Announces Electricity Prices for Winter 2023-2024

Portsmouth, RI - (September 26, 2023): The Portsmouth Community Electricity program is announcing new winter electricity supply prices to go into effect beginning with the November meter read. The new prices are fixed for six months and will be adjusted to summer rates in May 2024. **Current participants do not need to take any action to remain in the program and receive the new pricing for the product in which they are currently enrolled.**

Most participants in Portsmouth's program use "Portsmouth Standard" which provides more renewable energy than RI Energy's Last Resort Service, and will still provide cost savings this winter. The additional renewable energy is sourced entirely from local Rhode Island projects, including the Narragansett Bay Commission wind turbines at Fields Point in Providence, solar in West Greenwich and additional wind turbines in Coventry.

Richard Rainer, Portsmouth Town Administrator, expressed, "We are pleased with the positive results from the first cycle of our Community Electricity program, thanks to our consultant, GoodEnergy. The program has generated significant cost savings for our subscribers. Given the fluctuating nature of energy supply costs, particularly in natural gas, we are satisfied to have secured favorable electricity rates for the next phase of our program. These rates will continue to offer reduced costs for the Standard Product while allowing us to maintain our increased focus on renewable energy sources."

For the public to learn more about Winter program pricing, the Town consultant, GoodEnergy, is holding two information sessions. To Join, attendees can use the following links: October 4, 7:00 PM: <https://bit.ly/WinterRateSession1> , October 16, 5:30 PM: <https://bit.ly/WinterRateSession2>.

GoodEnergy will also provide a special briefing to the Portsmouth Town Council at their October 10th Meeting.

The table below shows the prices for Residential customers compared to RI Energy. Prices for Commercial and Industrial customers can be found on the Program website:

	Rhode Island Energy Last Resort Service (if you opt out)	Portsmouth Basic	Portsmouth Standard (Community Default)	Portsmouth 50	Portsmouth 100
Residential Price	17.741 ¢/kWh	17.430 ¢/kWh	17.641 ¢/kWh	18.462 ¢/kWh	20.666 ¢/kWh
Voluntary Renewable Energy	None	None	Adds 5% voluntary renewable energy (RI New RECs)	Adds voluntary renewable energy (RI New RECs) to total 50%	Adds voluntary renewable energy (RI New RECs) to total 100%
Duration	October 2023 through March 2024	November 2023 through April 2024	November 2023 through April 2024	November 2023 through April 2024	November 2023 through April 2024
The Portsmouth Community Electricity Program cannot guarantee savings compared to Rhode Island Energy Last Resort Service for the duration of the Program pricing because future Last Resort Service prices are unknown.					

Portsmouth is part of a group of seven municipalities who shared in launching the first municipal aggregation programs in Rhode Island. Barrington, Central Falls, Narragansett, Newport, Portsmouth, Providence, and South Kingstown are all working with Good Energy as their consultant and share a common electricity supplier and pricing.

This May 2023, the Town launched its electricity supply program, Portsmouth Community Electricity, offering residents and businesses cleaner electricity at a lower cost than the utility.

The voluntary renewable energy content in the Program’s standard and optional products comes from projects that qualify as RI New and makes a sizable impact on the Town’s carbon footprint. In the first three months of the program, participants purchased more than 700 megawatt-hours of voluntary renewable energy, equivalent to displacing nearly 540,000 pounds of carbon dioxide emissions. This equates to taking 215 gasoline-powered vehicles off the road since the program launched three months ago.

The vast majority of the Town’s residential and commercial electricity users enrolled in the program, and collectively participants saved more than \$125,000 from May through July, while supporting new, renewable energy facilities here in Rhode Island. Savings upwards of \$600,000 are expected by the end of the first six month pricing term.

This is a Town-operated program open to all Portsmouth residents and businesses. To join, complete the enrollment form on the program website: Electricity.PortsmouthRI.com or call the program’s supplier, NextEra Energy Services Rhode Island, at (888) 387-1084. Participants may leave the program at any time without fees or penalties. Visit the program website to review all program options available and to submit any questions via the program contact form: Electricity.PortsmouthRI.com
