Dear Mr. Watson,

Pursuant to Section 42-98-8 of the General Law of the State of Rhode Island (“Energy Facility Siting Act”) and Section 1.6 (F) of the Rules of Practice and Procedure of the Energy Facility Siting Board (“Rules”), I hereby notify you that the Notice of Intent Application for the asset condition refurbishment of The Narragansett Electric Company L14 and M13 Mainline 115 kV Rebuild Project Tiverton and Portsmouth, Rhode Island as described in the application filed with the Energy Facility Siting Board (“EFSB”) by the Narragansett Electric Company on August 26, 2024 is docketed and assigned Docket Number SB-2024-04. This letter shall constitute written notice of the docketing date.

As required by Rule 1.6 (G), the EFSB will hold public hearings in or around Portsmouth and Tiverton. Subsequent to those hearings, the EFSB will determine “whether the project may result in a significant impact on the environment or the public health, safety and welfare,” thereby requiring full EFSB review.

Should you have any questions please do not hesitate to call me at 401-780-2108.

Sincerely,

Kristen L. Masse, Coordinator
