Stephanie De LaRosa
Commission Clerk
Rhode Island Public Utilities Commission
89 Jefferson Boulevard
Warwick, RI 02888

Subject: Docket No. 23-34-EL – Development of Storage Tariff Frameworks

Madame Clerk:

Pursuant to the Public Utilities Commission’s (“Commission”) Notice issued on August 30, 2024, in the above docket, RENEW Northeast, Inc. (“RENEW”) respectfully requests the Commission admit RENEW as a designated stakeholder in Sub-docket 24-34-EL-TC and Sub-docket 24-34-EL-I and set the undersigned as the primary contact.

RENEW is a non-profit association uniting environmental advocates and the renewable energy industry whose mission involves coordinating the ideas and resources of its members with the goal of increasing environmentally sustainable energy generation in the Northeast from the region’s abundant renewable resources. RENEW members own and/or are developing large-scale renewable energy projects, energy storage resources, and high-voltage transmission facilities across the Northeast. They are supported by members providing engineering, procurement and construction services in the development of these projects and members that supply them with multi-megawatt class wind turbines.

I pledge to engage in good faith in the docket through attendance at meetings, participation in panels, and responding to Commission questions.

Sincerely,

A handwritten signature in blue ink that reads "Francis E. Pullaro".

Francis Pullaro
Executive Director
