Re: Docket No. 24-30-WW

Dear Ms. De La Rosa,

During the course of its review of the Division's Direct Testimony in preparing its rebuttal, Newport Water inquired about the Division's proposed adjustment for natural gas reflected in Schedule LKM-19. After a review of the schedule, the Division determined that an inadvertent error existed in the Excel cell formula that calculated the adjustment in the schedule. Attached please find a revised Schedule LKM-19. Correspondingly, on Page 28, Line 6 of the Direct Testimony of Lafayette K. Morgan, the proposed adjustment "\$28,720" should be revised to "\$9,663".

Kindly file this correspondence along with the revised schedule as part of the administrative Record in the above docket.

Thank you for your attention to this request.

Very truly yours,

Division of Public Utilities and Carriers
