ATTN: Docket No. 23-34-EL Storage

September 19, 2024

Dear Ms. De LaRosa,

I am writing in response to Docket No 23-34-EL and would like to express my interest and intention to participate in the stakeholder process as a designated stakeholder.

As Renewable Energy Fund Manager at Rhode Island Commerce, I am authorized to represent the interests of the Renewable Energy Fund. I will participate in good faith with the stakeholder process as it relates to the development of Sub-docket 23-34-EL-I (Interconnection) through attendance at meetings, participation in panel discussions and by responding to Commission requests and questions as needed.

I appreciate your consideration of my request and look forward to participating in this important work with your organization.

Sincerely,

A handwritten signature in cursive script that reads "Karen Stewart".
