**ATTN: DOCKET 23-34-EL STORAGE**

September 13, 2024

Ms. Stephanie DeLaRosa, Clerk  
RI Public Utilities Commission  
89 Jefferson Blvd.  
Warwick, RI 02899

Dear Ms. DeLaRosa,

This letter is in response to the Public Utilities Commission's ("Commission") request for "designated stakeholders," as defined in the notice, in the two sub-dockets of **24-34-EL-TC** and **24-34-EL-I**. Conservation Law Foundation is requesting to serve as designated stakeholder in both investigations.

I, Jamie Rhodes, Senior Attorney in the Clean Energy and Climate Change program, will be participating on behalf of the organization and serve as the primary contact for the organization. As an organization we are committed to providing written comments, actively attend meetings and panels, and respond to Commission questions.

We look forward to partnering with the Commission and other stakeholders on how to deliver on the potential value of energy storage to our electric distribution system and articulating the benefits these programs will have in meeting Rhode Island's greenhouse gas emissions reduction mandates.

Thank you for your time and attention to this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "Jamie Rhodes", is written over a light grey horizontal line.

Jamie Rhodes  
Senior Attorney  
Conservation Law Foundation

CC: Darrèll Brown, CLF, Vice President, Rhode Island
