The Company is submitting the enclosed Affidavit and Schedule 1 to provide a detailed explanation of the corrections to the 2020-2023 Reports. The Company discovered these errors during the course of preparing the Company's FY2024 Electric Environmental Response Cost Report for the twelve-month period ended March 31, 2024 (the "2024 Electric Environmental Report"), filed with the PUC on December 31, 2024, in the above-referenced docket. The 2024 Electric Environmental Report was based upon adjusted figures that resulted from the Company's corrections to the 2020-2023 Reports.
