**RE: Docket No. 4763 – Standards for Connecting Distributed Generation
Annual Report Regarding Rhode Island Energy’s Pre-Application Reports**

Dear Ms. De La Rosa:

On behalf of The Narragansett Electric Company d/b/a Rhode Island Energy (“Rhode Island Energy” or the “Company”), I have attached one original and nine copies of Rhode Island Energy’s 2025 Annual Report Regarding Pre-Application Reports for Distributed Generation Projects (“DG Annual Report”). The DG Annual Report is being filed in accordance with Section 3.2(IV) of the Company’s Standards for Connecting Distributed Generation, R.I.P.U.C. No. 2258. The enclosed DG Annual Report includes the following metrics regarding Pre-Application Reports:

- The weekly average of Pre-Application Reports for the prior calendar year;
- The weekly minimum number of Pre-Application Reports for the prior calendar year;
- The weekly maximum number of Pre-Application Reports for the prior calendar year; and
- The number of delays due to exceeding a reasonable number of applications under review during the prior calendar year.

Consistent with a request made by the Public Utilities Commission prior to the 2022 DG Annual Report, the Company separated the prior calendar year metrics into two reporting periods: (1) January 1 through August 31 and (2) September 1 through December 31.

Thank you for your attention to this matter. If you have any questions, please contact me at 401-578-2700.

Very truly yours,

Celia B. O'Brien
