Appendix D - Required of Applicants Seeking Eligibility for Customer-Sited and/or Off-Grid Generation Facilities, Remote Net Metered Facilities, and Associated Aggregations	+/- Expand/Collapse
D.1 Name(s) and Location(s) in Rhode Island of each Generation Unit in the aggregation:	
D.1(a) Generation Unit Name	1 Dexter
Street	1 Dexter Road
City	East Providence
State	RI
Zip Code	02914
D.2(a) Name and contact information of the Aggregator (or single site) Owner, to which these regulations and stipulations of certification shall	

Company Name	MassAmerican Energy LLC dba Gridwealth Development LLC
Street	1 Dexter Road
City	East Providence
State	MA
Zip Code	02914
Phone	6176945181
Email	QVale@Gridwealth.com
D.2(b) Name, contact information, and qualifications of the Verifier:	
Name	Richard Chase
Company Name	Chase Systems LLC
Street	33 Stagecoach Road
City	Princeton
State	MA
Zip Code	01541
Phone	508-263-0031
Email	rchase@chasesystemsllc.com
Verifier Qualifications	Chase Systems LLC currently provides incentive reporting services to Massachusetts customers, reporting through the MassCEC PTS and NEPOOL GIS platforms. Chase Systems LLC is an approved independent verifier.
D.2(c) A declaration of any and all business or financial relations between Aggregator (or single site) Owner and Verifier, which the Commission will use to evaluate the independence of the Verifier.	MassAmerican Energy LLC dba Gridwealth Development, through its affiliate 90Royal Little Providence RI Solar LLC contracts for Chase Systems LLC's services. There is no other business or financial relationship.
D.2(d) Please identify the type of technology that will be included in the aggregation (or single-site generation unit), and a statement that the aggregation will include only individual Generation Units that meet all the requirements of these regulations, for example physical location, vintage, etc.	Direct Solar Radiation Photovoltaic Facility
D.2(e) Please describe the proposed operating procedures for the aggregation (or single-site generation unit), by which the Aggregation Owner shall ensure that individual Generation Units in the aggregation comply with all eligibility requirements and that the NEPOOL GIS Certificates created accurately represent generation.	a. Monitor directly (either electronically or on site) the output meter(s) of the Generation Unit on a regular basis (monthly or quarterly); b. Determine that the readings for each monitoring/reporting period do not exceed the technical capabilities of a Generation Unit of its type, capacity, and location, and the normal operating parameters of the particular Unit, and obtain and use corrected readings if appropriate; c. Inform the Generation Unit's Owner or Operator if and when the output of the Unit is higher or lower than the range expected for the Unit, so that appropriate remedial action can be taken; d. Input the metered data into the Unit's NEPOOL GIS Asset ID accurately and on time, via the Verifier's own Third Party Meter Reader account at the GIS; and e. Maintain well-organized, detailed records of all of the above, which are subject to DOER inspection
D.2(f) Please describe how the Verifier will be compensated for its services by the aggregator. In no instances will an aggregation be certified in	Chase Systems LLC is compensated for its incentive reporting services through an annual fee. The fee is for the services only and is not based on generation.

<p>D.2(g) Please confirm and describe how, no less frequently than quarterly, the Verifier will directly enter into the NEPOOL GIS the quantity of energy production in the applicable time period from each Generation Unit in the aggregation.</p>	<p>Chase Systems LLC will report to NEPOOL monthly or, at least, quarterly using theGIS portal.</p>
<p>D.3(a) Applicant must acknowledge that any changes to or deviations from the Aggregation Agreement will be considered a change in generator status, and will require recertification by the Commission.</p>	<p>Yes</p>
<p>D.3(b) Applicant must acknowledge that the Commission will be promptly notified of any changes to or deviations from the Aggregation Agreement.</p>	<p>Yes</p>
<p>D.3(c) Applicant must acknowledge that in the event that notice of such changes or deviations is not promptly given, all Generation Units in the aggregation may be de-certified.</p>	<p>Yes</p>
<p>D.4 Applicant must certify that: If the Generation Unit (or aggregation of generation units) is a Customer-sited (behindthe-meter) or Off-grid Generation Facility, as defined in RES Rules Sections 2.3(5) and 2.3(26), respectively, or a Customer-sited (grid connected) or Remote Net Metered (grid connected) Generation Facility, the associated Generation Attributes have not otherwise been, nor will be sold, retired, claimed or represented as part of electrical energy output or sales, or used to satisfy obligations in jurisdictions other than Rhode Island.</p>	<p>Yes</p>
