ORDER ON MOTION FOR CLARIFICATION

On July 11, 2025, The Narragansett Electric Company d/b/a Rhode Island Energy (Company) filed a Motion for Clarification of Commission Order No. 25441 which was issued on July 3, 2025. In that Order, the Commission approved the 2025 Revenue Decoupling Mechanism (RDM) Factor but specifically held the docket open for further consideration of Borderline Sales Revenues, referencing the Division of Public Utilities and Carriers' (Division) ongoing review along with further review by the Commission. In its motion, the Company requested the Commission clarify that the Company will have the right at a future date to assert its position, through evidence and argument, regarding the proper treatment of borderline sales revenue and the application of interest thereto. Counsel for the Company advised that they had consulted with the Division of Public Utilities and Carriers which did not have an objection to the motion.

At an Open Meeting held on July 24, 2025, the Commission reviewed the Motion and clarified that Order No. 25441 was held open to allow all parties and the Commission further review of all issues around the proper treatment of borderline sales revenues.

Accordingly, it is hereby:
