**RE: Docket No. 25-54-EL – The Narragansett Electric Company d/b/a Rhode Island Energy
Proposed FY 2027 Electric Infrastructure, Safety, and Reliability Plan
Supplemental Response to PUC 1-4**

Dear Ms. De La Rosa:

On behalf of The Narragansett Electric Company d/b/a Rhode Island Energy (the “Company”), I am enclosing the Company’s supplemental response to PUC 1-4 in the above-referenced matter.

Thank you for your attention to this transmittal. If you have any questions or concerns, please do not hesitate to contact me at 401-316-7429.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jennifer Brooks Hutchinson", with a long horizontal flourish extending to the right.

Jennifer Brooks Hutchinson

PUC 1-4 – Supplemental¹
AMF

Request:

Please Update the Confidential Excel Spreadsheet Attachment H from **Docket No. 22-49-EL** for Deployment Years 1-4, with a column for actuals by year, where known. (Example: between columns R and S should be the actuals for Year 1; and between the current columns S and T should be the actuals for Year 2, etc.) In the update column, please put the actual calendar year that corresponds with each Deployment Year.

Original Response:

The Company originally interpreted this question as asking for the actual costs for Deployment Years 1-4 as previously shown in the Confidential Excel Spreadsheet Attachment H from Docket No. 22-49-EL. In response, the Company is providing the Excel Spreadsheet Attachment PUC 1-4-1, which aligns with the categories of costs outlined in the benefit-cost analysis (“BCA”) narrative of Attachment H submitted in Docket No. 22-49-EL, broken out by CapEx and OpEx because this is the cost structure the Company is using to track costs for the Advanced Metering Functionality (“AMF”) project. The Company remains on track to meet the approved CapEx Cap of \$153,217,548 for AMF deployment.

The Company has since clarified this question with the Public Utilities Commission (the “Commission”) counsel and understands this question relates to updating Sheet 10 of the revised Attachment H Excel file (i.e., the revised BCA file) that the Company filed on December 26, 2023 in compliance with the Commission’s September 27, 2023 Open Meeting motions and votes approving with conditions the Company’s AMF Business Case. Sheet 10 lists each individual project component for the categories of costs presented in Attachment PUC 1-4 (e.g., Meters, Network, Systems and Program). Because Sheet 10 was developed for purposes of budgeting and project scope development and not for cost control purposes, the Company will need to back feed the cost data presented in Attachment PUC 1-4 into Sheet 10, which the Company is in the process of completing.

The Company will supplement this response by providing the updated Sheet 10 of the Confidential Excel Spreadsheet Attachment H once complete.

¹ The Company’s supplemental response begins on page 2.
