**The Narragansett Electric Company d/b/a Rhode Island Energy**  
**RIPUC Docket No. 4676**  
**Results from the Forward Capacity Auction**  
**2026 Annual Report**  
**March 15, 2026**

This is the report of The Narragansett Electric Company d/b/a Rhode Island Energy (“Company”) to the Rhode Island Public Utilities Commission (“Commission”) on the results of the Company bidding capacity of solar photovoltaic resources from its Distributed Generation Standard Contracts (“DGSC”) and its Renewable Energy Growth (“REG”) programs into the ISO New England Inc. (“ISO-NE”) Forward Capacity Auction (“FCA”). In Docket No. 4676,<sup>1</sup> the Commission directed the Company to file an annual report with the following information:

1. Description of the facilities that the Company bid into the FCA;
2. Description of such facilities that received a Capacity Supply Obligation (“CSO”); and
3. The clearing price.

Accordingly, the Company provides the following results.

The auction for FCA19 is delayed until 2028. As the Capacity Market will be moving to a prompt structure instead of a three-year forward structure, the auction date may be changing. As a result of this change, the timing of this report may need to be updated. The Company will provide an updated auction date to the Commission when it has been set.

---

<sup>1</sup> A bench decision by the Commission at a hearing on February 17, 2017 in Docket No. 4676, as confirmed by Order 23289 issued October 4, 2018, requires the Company to file: (1) an annual report every March containing its FCM auction results; and (2) an annual report every July detailing the performance of the Company facilities in the FCM.

Certificate of Service

I hereby certify that a copy of the cover letter and any materials accompanying this certificate was electronically transmitted to the individuals listed below.

The paper copies of this filing are being hand delivered to the Rhode Island Public Utilities Commission and to the Rhode Island Division of Public Utilities and Carriers.
