Subject: [EXTERNAL] : Opposition to Mill Lane, Portsmouth, facility

Dear Ms Rodvien,

Our family resides at 641 Mitchells Lane, Ogden Farm, having completed a certified historic restoration. [Click here for National Historic Register link.](#)

We continue to invest in restoring and upkeep of one of the few historic treasures in Middletown. Further St. Columba's Church and what few National Register sites there are in Middletown are in close proximity.

We are also a USDA-certified farm growing organic vegetables and fruits. Numerous food-producing farms are also in the area: Sweet Berry Farm, Garman Farm, Aquidneck Beef.

There are also multiple schools and daycares in proximity: Silveira's Preschool, Bloom, Froggy's Day Care -- all serving the youngest of children in our community. I am also co-founder and Board President of Sea Rose Montessori School and can tell you this community is deeply vested in its future citizens.

For these and many other reasons, Mill Lane is not an appropriate site. Certainly there are many former industrial and currently zoned business locations to choose from.

Thank you for your attention to this matter,
Suzanne McDonald
641 Mitchells Lane Middletown RI 02842
