In re: The Narragansett Electric Company :  
(E-183 115 kV Transmission Line : Docket No. SB-2003-01  
Relocation Project – A/C I-195 Relocation) :

MOTION OF  
THE NARRAGANSETT ELECTRIC COMPANY d/b/a NATIONAL GRID  
FOR EXTENSION OF TIME

The Narragansett Electric Company d/b/a National Grid (“National Grid”) moves for a one hundred twenty (120) day extension of time to allow the parties to engage PDC (the engineering firm that conducted the peer review of the underground alignment) to review the feasibility of the under-bridge alignment.

National Grid proposes that PDC work with the Rhode Island Department of Transportation (“RIDOT”) to determine (i) whether RIDOT would allow the attachment of transmission line to the Providence River and Washington Bridges and (ii) whether structurally the bridges could support the cables, and with National Grid to address (iii) the feasibility of locating an underground cable corridor from Franklin Square through the above-ground and below-ground obstructions in the Manchester Street Station yard to the Providence River Bridge, and (iv) engineering issues related to getting the large diameter underground cables up into and off the Providence River and Washington Bridges.

Respectfully Submitted,

THE NARRAGANSETT ELECTRIC COMPANY  
d/b/a NATIONAL GRID

By its Attorneys,

---
