(OCTOBER 15, 2015 – Filed September 25, 2015)

This report of The Narragansett Electric Company d/b/a National Grid (“National Grid” or the “Company”) is filed with the EFSB in response to (i) its request at the hearing on October 22, 2014 that the parties resume filing quarterly reports on the status of the E-183 Underground Relocation Project commencing on January 15, 2015, and (ii) its request at the hearing on June 16, 2015 that the parties report on their discussions by August 1¹.

The following activities have taken place since the June 16, 2015 hearing:

- National Grid’s consultant, POWER Engineers, has prepared a report in response to the PDC and Haley & Aldrich Peer Review Report. A copy of the POWER report (September 3, 2015) is attached.
- Representatives of Providence, East Providence, the Attorney General, and National Grid have met twice to discuss the POWER comments and route alignment alternatives and risks.
- National Grid understands that representatives of Providence, East Providence, and the Attorney General plan to meet to review the issues relating to the route.
- The parties anticipate further discussions and expect to agree on alignment issues in the near future.

¹ The August 1 deadline was extended at the request of the parties and of National Grid counsel to September 8 and September 25, respectively.

Respectfully Submitted,

THE NARRAGANSETT ELECTRIC COMPANY
