In Re: Narragansett Electric Company d/b/a National Grid : Docket No. SB-2008-2
Rhode Island Reliability Project :

NOTICE OF FINAL HEARING

Pursuant to the provisions of Sections 42-98-7 and 42-98-11 of the Rhode Island General Laws, as amended, and Sections 1.8 of the Rules of Practice and Procedure, the Energy Facility Siting Board (“Board”) will continue its final hearings on an application of Narragansett Electric Company d/b/a National Grid for a license to construct and alter major energy facilities in the municipalities of Cranston, Johnston, North Smithfield, Smithfield, Warwick and West Warwick, known as the “Rhode Island Reliability Project.” The hearings will continue Thursday, May 20, 2010 at 9:30 A.M. in Hearing Room A at the Public Utilities Commission, 89 Jefferson Blvd., Warwick. The hearing may continue thereafter as required. The purpose of this final hearing is to receive testimony and evidence regarding the application of National Grid for a license to construct a major energy facility in the municipalities set forth above. This hearing will provide the Applicant, all interested parties and the public the opportunity to address the issues in this proceeding in a single forum from a consolidated statewide perspective.

The Public Utilities Commission is accessible to the handicapped. Individuals requesting interpreter services for the hearing impaired must notify the Siting Board’s Coordinator office at 401-941-4500, extension 106, at least seventy-two hours in advance of hearing date.
