**Re: The Narragansett Electric Company - d/b/a National Grid -
Interstate Reliability Project (Docket No. SB-2012-01)**

Dear Mr. Ucci:

I am enclosing for filing on behalf of The Narragansett Electric Company d/b/a National Grid eight (8) copies of an update to our filing in the above docket. The update includes new Appendices N and O which are ISO-NE's updates of the Needs Analysis and Solution Report for the Project. We have revised sections 3 and 5 of the Environmental Report to reflect these updates. To avoid piecemeal substitution of pages, we have provided entirely new sections 3 and 5 to replace these sections in the original filing. The revised portions are indicated by a vertical bar in the left margin of the revised pages.

The specific revisions which are attached are as follows:

Volume 1, Environmental Report

1. Volume 1 inside cover
2. Table of Contents (Volume 1)
3. Section 3, Project Needs Analysis
4. Section 5, Project Alternatives

Volume 1A, Appendices

1. Volume 1A inside cover
2. Table of Contents (Volume 1A)
3. Appendix N -- "2012 Follow-Up Needs Analysis" (redacted version)
4. Appendix O -- "2012 Follow-Up Solution Report" (redacted version).

We have included an instruction sheet for filing these revisions in the original filing.
