Memorandum

To: Service List in Docket No. 3534
From: Cynthia G. Wilson, Senior Legal Counsel
Re: **Docket 3534 – Green-Up Filing**
Date: August 7, 2003

Pursuant to the pre-hearing conference held on August 7, 2003, at the Commission, below is the agreed Procedural Schedule for Docket 3534.

Because the Commission hopes this filing will be cooperative and because there do not appear to be legal issues in dispute, the Commission will not require formal intervention by interested participants to the docket. If any interested person desires to make a legal argument on behalf of an organization, they must do so through an attorney and through the intervention process. The Commission encourages interested participants to work out as many issues as possible and reduce their agreements to writing in order to facilitate the expedited schedule in this docket. If this more informal process becomes a problem, please contact Cindy Wilson immediately.
