

May 7, 2007

Luly Massaro, Commission Clerk
Rhode Island Public Utilities Commission
89 Jefferson Boulevard
Warwick, RI 02888

In Re: City of Newport, Water Division
General Rate Filing
Docket No. 3818

Dear Ms. Massaro

Enclosed please find the original and nine copies of the Department of the Navy's Data Responses to the Data Requests of the Portsmouth Water and Fire District to the Department of the Navy. These responses will be served on all parties by electronic mail on this date.

Sincerely,

AUDREY VAN DYKE
Counsel for the
Secretary of the Navy

Cc: service list (by electronic mail)

CITY OF NEWPORT WATER DIVISION
Docket No. 3818

Data Requests of the Portsmouth Water and Fire District to the Navy
Set 1
Responses

1. For the Navy water accounts with Newport Water, please provide the following information: list each account, including the Newport Water account number, the billing frequency, the meter size, the meter (pit) location, and a description of the area served.

R-1 1.Account numbers

Account #	Meter #	Locations
408901200	216531	West Main Rd Chases Ln 626610203
408901300	16994556	Greens Ln 626610205
408901400	1001221	Fort Adams 626610206
408901500	16897512	Melville 626610207
408901700	16897511	West Main Rd Anchorage 626610204
408901800	91195196	Third St Naval Hospital
408901900	0	Training Sta Rd N. Train St-
309900100	HYDRANTS	Third St.
408901804	5541004	Third St.
309900200	HYDRANTS	Training Sta Rd
408901901	29730	Training Sta Rd Cloyne Pk
408901902	16904555	Maple Ave Conn Gate 4

2. For the water demand period between July 2005 and the most recent bill, please prepare a spreadsheet for each account that shows the month of consumption, the meter reading date, the billed consumption, and the type of meter reading, (estimated or actual).

R-2 See attached spreadsheet NAVSTA Water.

3. For any account that had an estimated bill or meter reading for the water demand period between July 2005 and the most recent bill, please indicate the last month and year prior to July 2005 where the bill had an actual meter reading.

R-3 NWD is not provided a back-up copy of the actual bill by its contractor. Therefore, we are unable to provide the response to this question.

4. Is the Navy aware of any water service that it is receiving from Newport Water that is not being billed to the Navy? If so, what is the service for and what is the estimated annual consumption?

R-4. There is a water service located at the Naval Ambulatory Care Center (NACC), serving NACC compound that has a non-working meter. We do take water from that service but are not currently billed for it. The city has

been contacted and a meeting will be scheduled to discuss this issue. A very rough estimate would be between 75 to 200 KGALS per month. The meter has been in a failed state for about 10 years.

5. Who owns the water meters and meter pits for the Navy accounts?

R-5 The City of Newport owns all the meters. Some pits are shared by the Navy and the City of Newport. We have chlorination systems in some of the pits and electrical service is provided at our expense.

6. How does the Newport Water obtain access to the water meter pits and meters that service the Navy?

R-6 In the original "Lawton Valley Agreement" that established water service from the City of Newport to the Navy the city was granted the right to install the meter pits at no fee to the government. City meter readers are allowed onto Navy property for meter reading purposes where necessary.

ACCT #	CONTRACT	LOCATION
