**Re: Docket 4149 & Docket 4227: Renewable Energy Procurement Plan  
Rhode Island RES RFP Summary  
And Request for Confidential Treatment**

Dear Ms. Massaro:

Enclosed in accordance with Rule 1.2(g) of the Commission's Rules of Practice and Procedure are ten (10) copies of a redacted Summary of the request for proposal ("RFP") process to provide NEPOOL-GIS certificates in Rhode Island conducted by The Narragansett Electric Company d/b/a National Grid ("National Grid" or the "Company") pursuant to its Renewable Energy Procurement Plans ("Plans") approved by the Commission at its Open Meetings on August 5, 2010 in Docket 4149 and July 29, 2011 in Docket 4227. As part of the Plans, National Grid committed to file with the Commission a summary of the RFP.

National Grid respectfully requests confidential and privileged treatment of the unredacted version of Attachment 1 described below. This attachment contains commercially sensitive market information, the disclosure of which could affect the balance of the renewable energy certificate markets as well as National Grid's ability to negotiate competitive terms with its renewable suppliers. In compliance with Rule 1.2(g), National Grid is providing one complete unredacted copy of the confidential documents in a sealed envelope marked "**Contains Privileged and Confidential Materials – Do Not Release.**" Copies of the confidential, unredacted documents have also been provided to Steve Scialabba representing the Division of Public Utilities and Carriers.

National Grid is hereby filing the following attachment for the Commission's information:

**Attachment 1**-A confidential summary of the Request for Proposal ("RFP") process to provide NEPOOL-GIS certificates in Rhode Island identifying the key actions taken by National Grid to procure such certificates.

Luly Massaro, Commission Clerk  
Docket 4149 – 2011 Renewable Energy Procurement Plan  
Docket 4227 – 2012 Renewable Energy Procurement Plan  
June 13, 2012  
Page 2

National Grid has included redacted versions of the RFP Summary for the public record. National Grid will provide copies of the unaccepted bids to the Participating Purchasers that have signed confidentiality agreements with the Company.

Thank you for your attention to this filing. Please feel free to contact me if you have any questions concerning this matter at (401) 784-7667.

Very truly yours,

Thomas R. Teehan

**NATIONAL GRID**  
**RENEWABLE ENERGY CERTIFICATE**  
**PROCUREMENT SUMMARY**  
**June 2012**  
**FOR NARRAGANSETT ELECTRIC COMPANY**  
FOR THE OBLIGATION YEARS 2011 & 2012

**1. RFP Issued**

National Grid issued its Request for Proposals to Provide NEPOOL-GIS Certificates in Compliance with the Rhode Island Renewable Energy Standard (“RFP”) on May 23, 2012 directly to the renewable generators who have filed their renewable energy applications for certification with the Rhode Island Public Utilities Commission (“RIPUC”) and organizations that have expressed interest in receiving RFPs from National Grid.

The RFP was also distributed to all members of the NEPOOL Markets Committee and posted on National Grid’s energy supply website. As a result, the RFP had wide distribution throughout the New England energy supply marketplace.

The procurement was conducted in accordance with Narragansett’s 2011 Renewable Energy Procurement Plan filed on March 1, 2010 (approved August 5, 2010) and the 2012 Renewable Energy Procurement Plan filed on March 1, 2011 (approved July 29, 2011) with the RIPUC and in compliance with the Renewable Energy Standard (“RES”)<sup>1</sup>. The RIPUC issued written orders for the 2011 Plan on September 23, 2010 (Order No. 20125) and the 2012 Plan on September 20, 2011 (Order No. 20478).

The RFP sought a specified quantity of new and existing Renewable Energy Certificates (“RECs”) that comply with the RES to satisfy a portion of National Grid’s Standard Offer Service RES Obligations for the Calendar years 2011 and 2012.

The quantity of RECs specified in the Procurement Plan was updated to include reconciled load data for all of 2011 and through February 29, 2012, initial loads through April 30, 2012 and estimated loads for the remainder of the 2012 RES obligations. A calculation of the quantities of RECs requested is provided in Exhibit 1.

**2. Key RFP Dates**

The RFP was issued on May 23, 2012.

Respondent Proposal Information and proposed contract modifications were received on May 30, 2012.

Pricing was received on June 4, 2012 from [REDACTED] suppliers. The bidders were:

---

<sup>1</sup> R.I.G.L. § 39-26-1, et seq., Renewable Energy Standard.

A summary of the bids received is found in Exhibit 2.

Respondents were informed of awards on June 4, 2012.

### 3. Contract Submissions

█ bidders submitted contract comments to National Grid in the form of proposed revisions to the Certificate Purchase Agreement. These comments were similar to previous agreements with bidders.

### 4. Award of New Renewable RECs

█ bidder(s) provided offers to sell National Grid RECs from new renewable resources. Exhibit 3 is an analysis and graphical summary of the bids received ranked by bid price. As shown in Exhibit 3, the RFP process selected the bids that provided the lowest cost up to the quantity required and did not perform any adjustment for non-price benefits.

### 5. Award of Existing Renewable RECs

█ bidder(s) provided offers to sell National Grid RECs from existing renewable resources. Exhibit 4 provides an analysis and graphical summary of the bids received ranked by bid price. As shown in Exhibit 4, the RFP process selected the bids that provided the lowest cost up to the quantity required and did not perform any adjustment for non-price benefits.

### 6. Summary of Award

On June 4, 2012, National Grid shared the REC bids with Division Staff for review.

Exhibit 5 is a list of the winning bidders by REC type and year. National Grid expects to purchase a total of █ RECs at a cost of █. The following is a summary of the RECs procured in this RFP.

**EXHIBIT 1**  
**CALCULATION OF REQUESTED RECs**
