1.

Request:

What, if any, additional costs are associated with relocating the project from Woonsocket to Johnston? Please provide costs both as a total and as cents per kWh if possible.

Response:

Except for the interconnection cost adjustment as set forth in the PPA (which provides for incremental increases in the initial price with a cap of 10 cents per kWh in 2013) and explained in Mr. Milhous' testimony, there are no additional costs or price uncertainties associated with the relocation of the project from Woonsocket to Johnston.
