**RE: Docket Nos. 4277 and 4288
Distributed Generation (“DG”) Standard Contracts Program
Revised Enrollment Application and Enrollment Process Rules and Standard Contracts**

Dear Ms. Massaro:

After discussions with the Rhode Island Office of Energy Resources (“OER”), the Company has agreed to add the following language to the proposed revised language contained in section 2.12 of the proposed revisions to the DG Standard Contracts Enrollment Application and Enrollment Process Rules for use in the 2013 DG Standard Contracts enrollments: “The Company will notify the OER before modification or cancellation under the provisions of this section.” The language contained in section 2.12 has previously been approved by the Rhode Island Public Utilities Commission in Docket No. 4150 for use in the Company’s long-term contracting request for proposals and was added as a proposed revision in order to make the DG Standard Contracts enrollment application form consistent with the long-term contracting RFP forms.

Thank you for your attention to this matter. If you have any questions regarding this filing, please contact me at (401) 784-7667.

Very truly yours,

Thomas R. Teehan
