Commission 2-2-ELEC/GAS

Request:

Referring to Maureen Heaphy, page 9, what was the fee charged by Towers Watson to National Grid, and has it been paid?

Response:

The fee charged by Towers Watson to National Grid for the compensation and benefit assessment studies for the Company is \$123,605. The amounts charged to National Grid have been paid to Towers Watson.

Commission 2-5-ELEC/GAS

Request:

Referring to Maureen Heaphy page 16, lines 9-10 (footnote 1), why isn't variable pay for officers in Band B and management employees in Band C included in the revenue requirement?

Response:

For officers in Band B and management employees in Band C, the variable pay component is comprised of 40 percent financial objectives, 40 percent individual objectives and 20 percent customer-related objectives. This breakdown of the variable pay component for employees in Band B and Band C was provided in the Direct Testimony of Company Witness Maureen P. Heaphy on Page 18, Lines 2-5. For employees in these bands, the Company is seeking to recover the portion of variable pay that is linked to non-financial measures, or 60 percent of the target award opportunity. The 60 percent of the target award opportunity that is included in the revenue requirement is comprised of both individual and customer-related objectives. The Company is not seeking to recover the financial-related objectives, which is 40 percent of the target award opportunity. Therefore, the variable pay component associated with the achievement of financial objectives is not included in the Company's revenue requirement.

Commission 2-7-ELEC/GAS

Request:

Referring to Maureen Heaphy page 19, are the performance of individual objectives reviewed at the end of the year?

Response:

Through National Grid's Performance for Growth ("P4G") program, individual objectives are established at the beginning of each performance year. P4G is designed to drive a high performance culture by establishing objectives that are continually reviewed throughout the year. Objectives set for employees must be SMART: (S)pecific about what needs to be achieved; identify how the objective will be (M)easured; (A)chievable by the individual; (R)elevant to the business; and achievable within the (T)imeframe. At mid-year and at the end of the performance period, reviews are conducted whereby employees are evaluated based on the leadership skills exhibited in accomplishing their goals and on the extent to which objectives are met. Also, as part of the evaluation process, calibration sessions are conducted to measure employee performance against their peers. The final rating for the performance period is then determined, which is one of the key factors used to determine annual employee salary increases and variable pay awards.

Commission 2-11-ELEC/GAS

Request:

Maureen Heaphy page 22, lines 4-6, lists wage increases for management employees. If these employees are categorized as Band D, E and F employees, as indicated on page 18 of Ms. Heaphy's testimony (line 7), then please list the wage increases that are projected for Band A, B and C employees.

Response:

The wage increases stated in Company Witness Maureen P. Heaphy's Direct Testimony on Page 22, Lines 4 - 6, represent the projected wage increases for all management employees including Bands A, B and C employees.

Commission 2-12-ELEC/GAS

Request:

Please reconcile the two statements on page 26 of Maureen Heaphy, lines 6-7, and page 26 line 34. Does the Company still offer the medical \$750 opt-out credit?

Response:

The statement on Page 26, Lines 6-7 of the Direct Testimony of Company Witness Maureen P. Heaphy refers to management employees. Management employees do not receive any credits for opting out of medical coverage. The opt-out credit was eliminated as of January 1, 2011.

The statement on Page 26, Line 34 of Company Witness Heaphy's Direct Testimony refers to union employees who are members of Local 12431. As part of the collective bargaining agreement between the Company and Local 12431, these employees receive an opt-out credit of \$750 per year if they opt out of medical coverage.

Commission 2-20-GAS

Request:

Michael Laflamme, page 95, line 1. Please describe the specific renovations the Company plans to perform at facilities totaling \$2,140,000.

Response:

The Company plans to move personnel from its Cumberland and Dexter Street, Providence facilities to Lincoln, on Washington Highway and to Providence on Allens Avenue facilities. Each will deliver safer, more efficient and better utilized facilities from which to serve the Company's customers. The proposed spend is based on internal estimates using internal design prototypes for renovating existing spaces to support approximately 120 employees at Lincoln and 140 employees at Allens Avenue.

Site improvements at both sites will include parking, drainage, line striping and traffic flow upgrades. Site improvements at Allens Avenue will require reconfiguration of an existing spoils recycling operation within the yard area. Interior renovation costs at both sites include improvements to crew rooms, locker and bathroom facilities, meeting space, HVAC, other mechanical upgrades, local code compliance requirements, office spaces for engineering, supervision and clerical support as well as associated paint and carpet replacement.

Commission 2-37-ELEC/GAS

Request:

Mr. Martin states the per-bill monthly savings associated with paperless billing is approximately \$0.33. In the event this estimate changes, will the bill credit offered to customers who subscribe to paperless billing change also?

Response:

Although costs for both paper and paperless delivery do change over time (*i.e.*, postage, materials, new paperless delivery methods, etc.), the Company's intent is to use the \$0.33 per bill credit for paperless billing subscribers through the end of the rate case period. Updated monthly savings figures will be available in determining the per bill credit at the time of the next rate case.
