Regarding Request for 10% Rate Increase
In Certain Traditional Ferry Rates

Interstate Navigation Company

Docket \_\_\_\_

March 2015

- 1 Q. Will you state your name and business address for the record?
- 2 A. Yes. My name is Walter E. Edge Jr. MBA, CPA and I am the Vice President of the firm
- of B&E Consulting LLC (B&E) at 21 Dryden Lane, Providence, Rhode Island 02904.

4

- Q. Mr. Edge, have you testified before the Rhode Island Public Utilities Commission
   (PUC) as an expert utility accounting and rate witness prior to this docket?
- Yes, many times. In addition, I was formerly the chief rate analyst for the Division of Public
  Utilities and Carriers (DPUC) for five years and while in that position I was required to
  testify on numerous occasions relating to all of the utilities regulated by the R.I. PUC. In
  addition to my testifying experience at the R.I. PUC, I have also testified before a Rhode
  Island Grand Jury, the Rhode Island Superior Court, Federal Courts in R.I. and
  Massachusetts, the Federal Communications Commission and the Power Authority of the
  State of New York.

14 15

- Q. Since leaving the DPUC have you testified before the R. I. PUC?
- A. Yes I have. During the last approximately twenty four years I have provided consulting services (expert testimony, etc.) for Interstate Navigation Company (Interstate), Block Island Power Company, Narragansett Bay Commission, Providence Water Supply Board, Newport Water, Pawtucket Water Supply Board, Stone Bridge Fire District, North Smithfield Water, Woonsocket Water, Prudence Island Ferry, and Osram Sylvania Company.

21 22

- Q. What is your knowledge of Interstate?
- A. I presented expert testimony for Interstate in its last five general rate filings before the Commission; Dockets #4373, #3762, #3573, #2484, and #1935. Also, I prepared and presented testimony for Interstate in dockets relating to its fast ferry operations such as the Island Hi-Speed Ferry (IHSF) CPCN docket, Interstate's request for its own CPCN to provide fast ferry service, Interstate's lease of the fast ferry vessel the M.V. Athena, and Interstate's request for fast ferry rates. I also testified in Interstate's docket to buy the IHSF fast ferry operation.

- 1 Q. Mr. Edge, do you have additional knowledge relating to Interstate Navigation?
- Yes. My staff and I have prepared Interstate's annual PUC reports for the past twenty years
   and I have completed the final review of each report before filing.

- What does the Settlement Agreement in Order No. 21069 in Docket No. 4373
  provide regarding pricing flexibility for Interstate?
- 7 A. Section III.B entitled "Post Rate Year Period Pricing Flexibility" provides as follows:

Interstate shall be authorized to apply to the Commission from time to time to change rates subsequent to the Rate Year Period, subject to the limits in Exhibit 3, and, with Commission approval, to implement such changes on thirty (30) days' notice. The Division, except in extraordinary circumstances, will not object to any such changes, will not recommend any suspension by the Commission beyond the thirty (30) days' notice, and will not request compliance with any traditional rate filing requirements other than the thirty (30) day notice. Pursuant to this authorization, Interstate has the pricing flexibility to increase certain rates after the Rate Year Period to a level not more than 10% higher than the rates established for the Rate Year Period or to decrease certain rates after the Rate Year Period to a level not more than 20% lower than the rates established for the Rate Year Period; provided, however, that applications for rate increases will be allowed to take effect only on May 24 of a given year. Notwithstanding the foregoing, rates applicable to commuters, commuter vehicles, and freight shall not be increased for any rate increases authorized pursuant to this paragraph.

In ordered paragraph 6, the Commission changed aforesaid the 30-day notice provision to 60 days, and also set forth the specific filing requirements as follows:

Post-Rate Period Filings shall be filed at least sixty (60) days prior to the proposed effective date and shall contain the reason for the change, projected profit/loss for the fiscal year in which the filing is being made, the projected Return on Equity for the year in which the filing is being made, estimated financial impact of the change on revenue, projected impact of the change on profit and rate of return, new tariffs, and the public notice.

- Q. What is the purpose of your testimony in this filing?
- A. My testimony relates to <u>Section III Rate Plan</u> (subsection B.) of the approved Settlement
  Agreement (page 3). As shown above, Interstate is authorized to apply to the Commission
  to increase certain rates by up to 10% subsequent to the Rate Year Period. With Commission
  approval, Interstate can implement such changes on 60 days notice. It was expected that the

1 Division would not object, would not recommend any suspensions, and would not request 2 compliance with any traditional rate filing requirements, other than the 60 day notice. The 3 rate change will only be allowed to take effect on May 24 of a given year. It is important to 4 note that this section of the approved Settlement Agreement relates only to Interstate's 5 Traditional Service ferry rates and excludes rates applicable to commuters, commuter 6 vehicles, freight rates, and fast ferry services. 7 8 Q. Mr. Edge is Interstate Navigation requesting a 10% increase in certain rates in 9 compliance with Section III Rate Plan (subsection B.) in this filing? 10 A. Yes. This testimony and attached schedules provide the appropriate information needed to 11 support this limited rate filing. I am providing the items listed by the Commission in Order 12 #21069 item 7, from Docket 4373 as follows: 13 1. The reason for the requested change in rates, 14 2. Projected profit/loss for the fiscal year in which the filing is being made (FY 2015). 15 3. Projected Return on Equity (ROE) for the year in which the filing is being made (FY 16 2015), 4. Estimated financial impact on revenue of the requested 10% increase of certain 17 18 Traditional Service rates. 19 5. Projected impact on profit and rate of return of the requested 10% increase of certain 20 Traditional Service rates, 21 6. New tariffs, and 22 7. Public notice. 23 24 1. The Reason for the Change In Rates 25

Q. Why is Interstate requesting a 10% increase in certain Traditional Service rates at this time?

26

27

28

29

30

A. There are three reasons for the request of an across the board 10% rate increase for all rates except commuter passenger, commuter vehicle, freight rates, and fast ferry rates.

The first reason is that Interstate is projecting that it will not make its authorized Return on Equity (ROE) for FYE 2015. A shortfall of \$457,601 is anticipated (See schedule summary schedule WEE-1).

The second reason is that Interstate has reviewed its anticipated costs relating to vessel and dock maintenance in 2016 and is anticipating a significant increase in both of these areas. These additional costs, together with inflationary increases, will negatively impact the 2015 ROE. It is therefore expected that the 2016 ROE will suffer a similar additional reduction. Accordingly, an additional 3.2% projected ROE deficit for 2016 will also require rate relief.

The projected revenue increases needed for 2015 (\$295,066) and 2016 (\$302,283) require a total revenue increase for 2016 of \$597,349 over the projected 2015 revenue. This results in a 7.2% cumulative revenue increase needed for 2016. Given that the increases in revenues for 2015 and 2016 equal the projected increases in expenses, the authorized rate of return is maintained at 7.10% (See WEE-7).

The third reason for requesting the full 10% increase available to Interstate under Commission Order #21069 is the fact that the Traditional Service has not added anything (i.e., no profit) to Interstate's ROE in years. The ROE is provided 100% from the Fast Ferry operation. Interstate strongly believes that this is unacceptable. It was never Interstate's intent to rely 100% on the Fast Ferry to achieve its authorized rate of return. Interstate has recently found it difficult to charter the M.V. *Athena* in the off season. Therefore, past fast ferry charter revenues can not continue to be relied upon to make the approved ROE. Accordingly, Interstate is requesting an additional 2.8% increase in revenues to cover the distinct possibility that the Fast Ferry profits may not continue to cover Interstate's authorized ROE.

#### Projected Profit/Loss for the FY 2015

- Q. Mr. Edge have you calculated the projected profit and loss for 2015?
- 31 A. Yes. See Schedules WEE-1 and WEE-3 page 3 of 3.

1		Projected Return on Equity for FY 2015
2	Q.	Mr. Edge have you calculated the projected ROE for 2015?
4	Q. A.	Yes. See Schedule WEE- 1. The 2.4% ROE is much less than Interstate's authorized ROE
5	A.	
		of 11%.
6 7		Financial Impact on 2016 Revenue of the 10% Increase Requested
8		
9	Q.	Mr. Edge have you calculated the increase in revenue needed for 2016 to collect the
10		10% rate increase on certain rates?
1	A.	Yes. See Schedule WEE-2c. The increase needed is \$824,663.
12 13		Projected Impact of the Change on Profit and Rate of Return For 2016
14		
15	Q.	Mr. Edge did you calculate the change in profit and rate of return for 2016?
16	A.	Yes. Because we trued up the profit and rate of return for 2015 to the authorized rate of
17		return and added an equal amount of revenue and expense adjustments for 2016, the profit
18		remains \$457,601 and the ROE 7.10%.
19		
20		New Tariffs
21 22	Q.	Mr. Edge have you provided new tariffs that reflect the increased revenues?
23	A.	Yes. The tariffs for commuter passengers and vehicles, freight rates and fast ferry rates were
24		not changed. The new tariffs for the rates that are changing are provided as a separate
25		document included with my testimony.
26		
27		Public Notice
28	0	Was multis matics assumbated 9
29	Q.	Was public notice completed?
30	A.	Yes. Mr. McElroy, attorney for Interstate, prepared the Notice and cover letter. Both were
31		provided as part of the full filing.
32 33	Q.	Are there any rate design changes?
34	Α.	No. the 10% rate increase will be applied only to those rates allowed in Order No. 21069.

## Q. What is the impact of this rate increase on non-commuter ratepayers?

The company will not be responsible for any damages to vehicles while in transport or while they are being loaded and unloaded aboard the vessel. The owner or driver must drive the vehicle on and off the vessel. In the event a vessel is canceled, the car reservation is also canceled. Any alleged damage to automobiles shall be reported to vessel's officers prior to leaving dock at destination.

#### RULE NO. 60 CAR RESERVATION CANCELLATIONS:

Car reservations may be changed two times 7 full days in advance of departure, then only one time within 7 days of departure. #### RULE NO. 85 LOST TICKET CHARGE:

There is a \$16.70 charge for all lost tickets which are replaced (each way).

#### RULE NO. 90 DISCOUNTS:

Carrier may also from time to time offer non-rate incentive promotions.

#### RULE NO. 95 ADVANCE TICKET DISCOUNT:

Carrier may sell advance tickets on a pay for 9 tickets in advance, get 10 tickets basis.

#### RULE NO. 100 ISLANDER DISCOUNT COMMUTER RATE ELIGIBILITY:

Only those who certify under oath that they are full time residents of Block Island, residing for at least nine (9) months per calendar year at a physical Block Island address (not a post office box) are eligible for the islander discount commuter rate, provided that: (1) they also hold a current Rhode Island Registry of Motor Vehicles drivers' license that has a Block Island address as the sole address on the license and present the license for inspection and copying (or are too young to obtain a drivers' license, but attend the Block Island school and present a current Block Island school photo I.D. for inspection and copying), and (2) they also are duly registered and valid Block Island voters, as shown on the Block Island voters registration list (or are too young to register to vote and present a current Block Island school photo I.D.) - 3. The Block Island Ferry Islander card must be renewed annually, and you must appear in person to obtain or renew your card.
- 4. Discounted islander commuter tickets will only be sold on Block Island on a round trip basis. Passenger tickets will be good for 7 days; vehicle tickets will be good for 30 days.
- 5. If you do not obtain a Block Island Ferry Islander card because you are not a full time Block Island resident, you can still purchase discounted (frequent user) tickets (10 for the price of 9).
- 6. Block Island Ferry also has reduced rates in effect for all children under 12 and seniors 65 and over, whether or not you are a full time Block Island resident.
- 7. If your application for an Islander Card is denied, you may appeal the denial in writing to Joshua Linda, Vice President, Interstate Navigation Co., P.O. Box 482, New London, CT 06320. Except as set forth below, trucks carrying hazardous materials or dangerous goods, as defined by 49 CFR, Subchapter C Hazardous Materials Regulations, the U.S. Coast Guard, and the International Maritime Organization, can not be transported aboard passenger vessels. Therefore, except as set forth below, when carrying these materials, the vessel must operate strictly as a cargo vessel, and the per foot rate is as set forth above for hazardous trucks. Trucks which have a gross weight of 50,000 pounds or more and are not tractor trailer trucks and are not carrying property for the Town of New Shoreham will be required to pay, in addition to the per linear foot truck rate, a weight premium of \$66.40 per one way trip due to the weight limitations imposed upon the ferry vessels.
