

**STATE OF RHODE ISLAND AND PROVIDENCE PLANTATIONS
PUBLIC UTILITIES COMMISSION**

_____))
IN RE: PROCEEDING TO ESTABLISH A PILOT)
METERING PROGRAM FOR MUNICIPALLY-)
OWNED STREETLIGHTS)
_____)

DOCKET NO. 4513

**THE PARTIES JOINT
REQUEST
FOR AN EXTENSION OF TIME**

The Commission has scheduled this matter for a hearing on Wednesday January 21, 2015. The parties to this docket have met several times to discuss negotiated resolution of a revised pilot designed to be based on lighting upgrades currently under testing and proposed for streetlights controlled by the Rhode Island Department of Transportation. We believe that the Commission’s ordered objectives with regard to the metering pilot can be achieved more quickly and at substantially reduced cost given the State’s generous offer to collaborate on the implementation of the pilot and bear some of its costs.

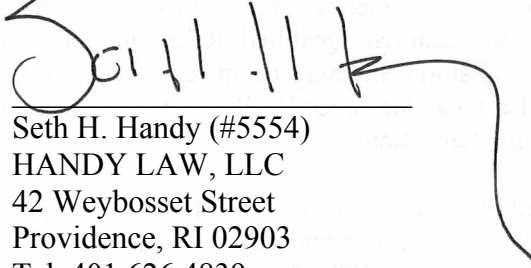

The parties have reviewed and appear to have resolved some of National Grid’s general concerns about this modified pilot and intend to meet and discuss the specifics of pilot implementation on January 21, the day previously scheduled for a hearing. We anticipate filing with the Commission an agreed revised pilot with a specific, committed implementation schedule no later than February 13, 2015. While it is possible that some issues regarding the modified pilot will remain outstanding for Commission review and decision (including possibly the cost recovery proposal), we do not currently anticipate the need for witness testimony in association with review and approval of the revised pilot proposal.

This request has been approved by National Grid, the Office of Energy Resources, the Energy Efficiency Resources Management Council and the Division of Public Utilities and Carriers.

Respectfully filed on behalf of the parties,

THE RHODE ISLAND LEAGUE
OF CITIES AND TOWNS AND
THE WASHINGTON COUNTY
REGIONAL PLANNING COUNCIL

By their attorney,
