**RE: Docket 4536-C – Renewable Energy Growth Program  
Small-Scale Solar Projects Aggregation Summary  
Rhode Island Certification Number: RI-4536-N15  
Revised Second Quarter 2016 Reports**

Dear Ms. Massaro:

I have enclosed redacted and confidential copies of National Grid's revised spreadsheet summary of the Small-Scale Solar Projects for the Rhode Island Renewable Energy (RE) Growth Program for the second quarter of 2016 (Aggregation Summary, Attachment 1). The Company's revisions to the confidential version of the Excel spreadsheet are reflected in orange. The Company made these revisions to update the System Equipment Information (specifically, the Panel and Inverted manufacture/model). These revisions are necessary because, in the second quarter report the Company filed with the PUC on August 9, 2016, the system equipment information was either blank or inaccurate. These are the only changes to the second quarter report, and the REC Assignment Forms that the Company submitted in its August 9<sup>th</sup> filing have not changed.

Pursuant to Rhode Island Public Utilities Commission (PUC) Rule 1.2(g) and R.I. Gen. Laws § 38-2-2(4)(B), the Company is seeking protective treatment of certain confidential information in the enclosed Aggregation Summary. Accordingly, the Company has also enclosed a Motion for Protective Treatment.

Thank you for your attention to this matter. If you have any questions, please contact me at 781-907-2121.

Very truly yours,

Raquel J. Webster

**Docket No. 4536-C**

**NATIONAL GRID’S MOTION FOR PROTECTIVE TREATMENT  
OF CONFIDENTIAL INFORMATION**

National Grid<sup>1</sup> respectfully requests that the Rhode Island Public Utilities Commission (PUC) provide confidential treatment and grant protection from public disclosure certain confidential information submitted in this proceeding, as permitted by Rule 1.2(g) of the PUC’s Rules of Practice and Procedures and R.I. Gen. Laws § 38-2-2(4)(B). National Grid also respectfully requests that, pending entry of that finding, the PUC preliminarily grant National Grid’s request for confidential treatment pursuant to Rule 1.2(g).

**I. BACKGROUND**

On September 29, 2016, National Grid filed with the PUC a revised summary of the Small-Scale Solar Projects aggregation for the Rhode Island Renewable Energy (RE) Growth Program for the second quarter of 2016 (Aggregation Summary). The Aggregation Summary includes confidential customer contact information, such as name, address, and telephone number, and National Grid is legally obligated to protect such

information from public disclosure. Therefore, the Company seeks confidential protection for the Aggregation Summary.

## **II. LEGAL STANDARD**

PUC Rule 1.2(g) provides that access to public records shall be granted in accordance with the Access to Public Records Act (APRA), R.I. Gen. Laws § 38-2-1 *et seq.* Under the APRA, all documents and materials submitted in connection with the transaction of official business by an agency is considered a “public record” unless the information contained in such documents and materials falls within one of the exceptions specifically identified in R.I. Gen. Laws. § 38-2-2(4). Therefore, to the extent that information provided to the PUC falls within one of the designated exceptions to the public records law, the PUC has the authority under the terms of the APRA to treat such information as confidential and to protect that information from public disclosure.

In that regard, R.I. Gen. Laws § 38-2-2(4)(A)(I)(b) provides that the following types of records shall not be deemed public:

Personnel and other personal individually-identifiable records otherwise deemed confidential by federal or state law or regulation, or the disclosure of which would constitute a clearly unwarranted invasion of personal privacy pursuant to 5 U.S.C. §552 *et seq.* . . . .

See Providence Journal Co. v. Kane, 577 A.2d 661, 665 (R.I. 1990) (noting that the plaintiffs' request for information that will uniquely identify State employees by name, address, and employment history directly contravenes the clear proscription set forth in R.I. Gen. Laws § 38-2-2 against disclosure of all records which are identifiable to an individual employee, including personnel records). Although the Court in Kane addressed a request for personal employee information, the APRA clearly protects the

personal customer information that National Grid seeks to protect here because this information includes customers' names and addresses. As such, the customers' personal contact information contained in the Aggregation Summary satisfies the exception found in R.I. Gen. Laws § 38-2-2(4)(A)(I)(b).

### **III. BASIS FOR CONFIDENTIALITY**

As noted above, the Aggregation Summary that the Company has filed with the PUC is confidential because it includes confidential customer contact information, such as name, address, and telephone number -- information that National Grid does not ordinarily disclose to the public and which National Grid is legally obligated to protect from public disclosure.

### **IV. CONCLUSION**

Accordingly, National Grid respectfully requests that the PUC grant protective treatment to the Aggregation Summary included in National Grid's September 29, 2016 filing with the PUC in this docket.

Respectfully submitted,  
**NATIONAL GRID**

By its attorneys,
