**Subject:** A&R Marine Docket 4586 - Final revised compliance tariffs  
**Attachments:** A&R final compliance (1).pdf; A&R final compliance red line.pdf

Cindy:

Attached are clean and red lined final revised tariffs for A & R Marine. These revisions take care of the typographical errors or ambiguities pointed out by the Commission at today's open meeting, as well as one additional clarification that we found in making these revisions.

### 1. Item 240

We have changed "12" to "1/2".

### 2. Rule 9

We have changed the word "and" to "an" in the middle of the paragraph.

### 3. Item 285

We agree the 1-year language was at best ambiguous and we are unaware of a purpose for this. This is a hold over from the old tariffs and it does not appear to presently serve any function, so we deleted it.

#### 4. **Rule 1**

We have deleted the reference to pets because, as was pointed out at the open meeting, all pets are animals. We have also made it clear that only small animals and service animals may be carried in the passenger cabin.

#### 5. **Rule 10 and Schedule C**

We have clarified, as set forth in the Division's proposal that we accepted and the PUC approved, that frequent user vehicle tickets will now be made available to Cars, SUVs, Vans and Pickups under 1 ton. Therefore we have changed the word "Cars" to "Vehicles" in Schedule C and Rule 10, and we have defined "Vehicles" to include Cars, SUVs, Vans and Pickups under 1 ton in Rule 10.

Hopefully the above revisions clear up the issues that the Commission pointed out in its review of the tariffs.

If you have any questions, please feel free to call.
