In Re: Joint Petition of ISM Solar Development, LLC and The Pascoag Utility District

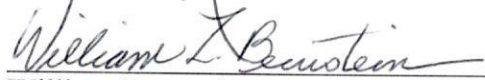

Dear Ms. Massaro:

ISM and Pascoag initiated this petition to obtain Commission endorsement of an arrangement that had been negotiated with the utilities. Having met with the Commission to discuss the docket, it was resolved that the preferred request for relief is for National Grid to seek the waiver requested in its filing on May 15, 2017. That waiver request was intended to take the place of the Order sought in the Petition. Therefore, it is ISM's position that Commission action on the waiver request is adequate action and all other, unrelated Orders requested by the Petition are moot and need not be addressed by the Commission.

Thank you for your assistance with this filing.
