

2018 – 2020
System Reliability Procurement Plan

Rhode Island Public Utilities Commission

October 25, 2017

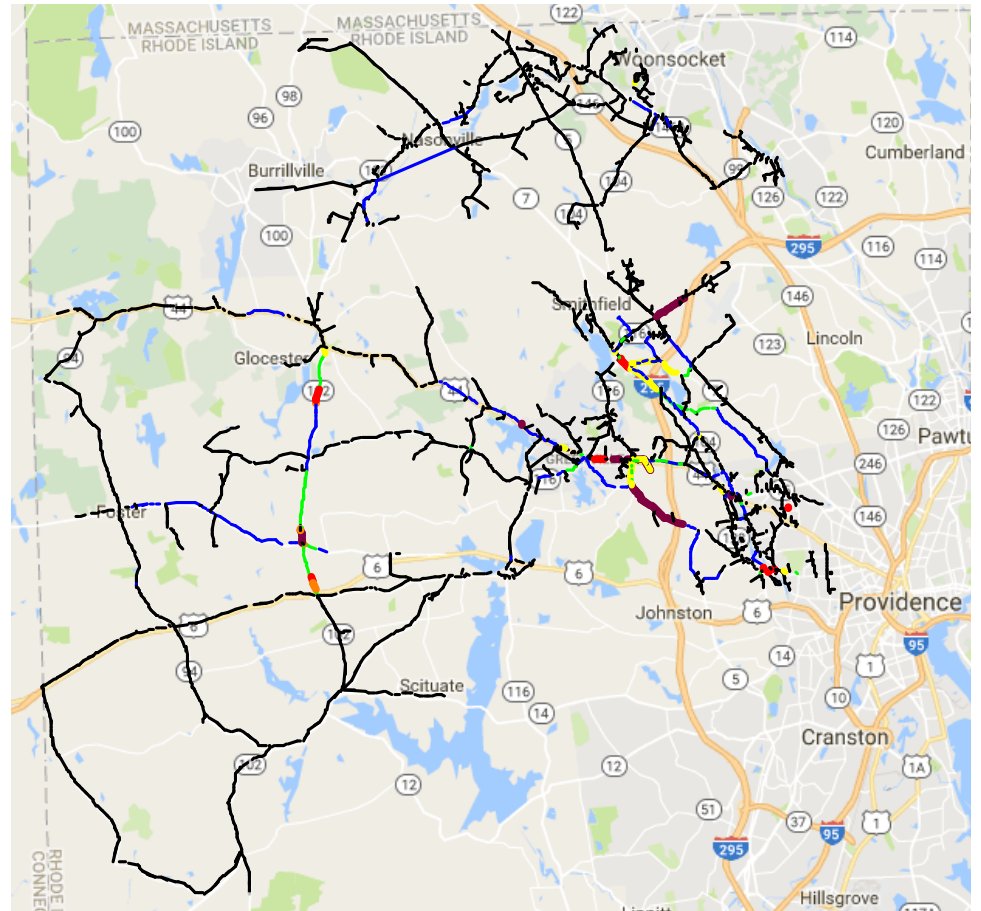

SRP 2018-2020 Plan Highlights

SRP 2018-2020 – Heat Map

- Component of the System Data Portal
- Provides visibility into the distribution system
- Locational information to target Distributed Energy Resources
- Infrastructure deferment over time

SRP 2018-2020 – Partial Non-wire Alternatives

- Reduce the scope of a traditional utility investment, rather than deferring the entire project.
- Also termed ‘hybrid’ non-wires alternative
- Discrete component reduction, not component resizing
- Learning and evolving.
