TABLE OF CONTENTS

DWW Rev I, LLC's Supplemental Response to Comm. 1-1	1
DWW Rev I, LLC's Supplemental Response to Comm. 1-2	2
Certification	3-4

Comm. 1-1: What does the all-in price of \$98.425/MWH include?

- a. Is there a price for energy? Please quantify.
- b. Is there a price for Renewable Energy Certificates (RECs)? Please quantify.
- c. Is there a price for the construction of transmission? Please quantify.

Response: It is DWW's understanding that National Grid will provide information responsive to this request in its response to Comm. 1-1 issued to National Grid. After reviewing National Grid's response, DWW will provide supplemental information if necessary.

Supplemental Response: DWW agrees with NG's response to Comm. 1-1 issued to National Grid, but notes that the price for all Products is a bundled \$98.425. If RECs are disallowed, then the price drops to the Adjusted Price of \$71.925.

Prepared by or under the direction of Clinton Plummer

Comm 1-2: What other wholesale market products will the facility generate that are not being procured with this contract and remain with DWW Rev 1, LLC?

Response: It is DWW's understanding that National Grid will provide information responsive to this request in its response to Comm. 1-2 issued to National Grid. After reviewing National Grid's response, DWW will provide supplemental information if necessary.

Supplemental Response: DWW agrees with the National Grid's description of the potential for revenues or penalties associated with the Revolution Wind Farm facility's possible participation in the FCM and further notes that the facility may also be eligible for participation in the ancillary services market. While the value expected to be received from such market participation is expected to be inconsequential to the facility's return profile, DWW may, in its sole discretion, elect to pursue participation in the ancillaries market.
