NOTICE OF PUBLIC HEARING

Pursuant to Rhode Island Gen. Laws § 39-3-11, the Public Utilities Commission (PUC) will conduct hearing on **Friday, September 13, 2019 @ 9:30 A.M.** in Hearing Room A at the PUC's office located at 89 Jefferson Boulevard, Warwick, Rhode Island. The hearing will be streamed live at <http://www.ustream.tv/channel/WqQyXw296dg>.

At this hearing, the PUC will examine National Grid proposed Renewable Energy (RE) Growth Factors and RE Growth Reconciliation Factors effective October 1, 2019. In accordance with the REG Growth Provision, the RE Growth Factors are designed to recover an estimate of the costs the Company expects to incur during the current RE Growth Program Year of April 2019 through March 2020. The filing also includes the fourth annual RE Growth Program reconciliation of actual RE Growth revenue and costs. The reconciliation period includes: (1) a "true-up" between actual revenue billed through the current RE Growth Factors for the period June 2018 through September 2018, and revenue that was estimated for the same period in the previous RE Growth Reconciliation filing; (2) actual revenue billed for the period October 2018 through May 2019; (3) estimated revenue for the period June 2019 through September 2019; and (4) actual costs incurred to administer the RE Growth Program from April 2018 through March 2019. The impact of the proposal on a monthly bill of a residential Standard Offer Service (SOS) customer using 500 kWh is an increase of \$0.32, or approximately 0.3%. The PUC may rule immediately at the end of the hearing.

National Grid's filing is available for examination at the PUC's office. The docket can also be accessed at <http://www.ripuc.org/eventsactions/docket/4954page.html>. Reference is also made to Chapters 42-35 and 39-1 of the Rhode Island General Laws.
