Providence Water Docket 4994

Bristol County Water Authority
Data Request – Set 4
April 20, 2020

BCWA 4-2: Providence's Annual Report to the PUC attached to BCWA DR 1-57 shows total revenues of \$74,035,685 for FY19 and Schedule HJS-1 shows total revenues of \$70,909,261. Please explain this difference.

RESPONSE:

Please see attached excel file entitled BCWA 4-2. The majority of the difference relates to non-operating and restricted revenues and revenues which are recorded on the annual report, but do not represent cash receipts (i.e., developer contributed assets). The remaining variance includes the following:

- 1. Miscellaneous revenues which were not known at the time of the filing, but will be incorporated in rebuttal.
- 2. A negative revenue of \$3,398, which relates to customer refunds, which was included in the annual report, but not in HJS-1.
- 3. The Foster Tax Refund (\$291,000) was not recorded as a revenue in the FY 2019 annual report because Providence Water's auditor required the full amount of the refund (\$1.6 million) to be recorded as a receivable, rather than a revenue. As Providence Water receives the cash each year, it is accounted for as a reduction in the receivable, rather than as a revenue on the annual report. Because the cash is being received annually, it was included with miscellaneous revenues on HJS-1. The amount reduces to \$175,000 in the rate year because the \$291,000 included a 3 year amortization of the amount Providence Water had already received prior to the reclassification. Providence Water will only receive \$175,000 annually going forward.

Providence Water Docket 4994

Bristol County Water Authority
Data Request – Set 4
April 20, 2020

BCWA 4-3: Please provide an itemized listing of the City Service expenses by department similar to Schedule HJS-CS3 that comprises the current overall City Service expense of \$839,167.

RESPONSE: To my knowledge there is no itemized listing of the individual components of the \$839,167 amount for City Services that was approved in the last Providence Water docket as this amount was determined in Docket No. 3832, based on an inflationary adjustement to a previously approved CityServices expense.
