PUC 2-2

Request:

What are some examples that might be included in the "other" box?

Response:

The Company does not have examples to offer at this time. The Company included the category "other" and allowed space for a description to allow projects to put forth additional reasons for a Pandemic-related extension that the Company has not yet considered. While the categories that the Company listed on the form should sufficiently capture reasons for a Pandemic-related extension, there could be additional possibilities.

Response:

Once a project submits a complete form, the Company will provide an automatic extension.
