Hi Cindy:

Here are the responses to your questions:

1. The third project on the list is no longer affected. The Company included it in the response for informational purposes.
2. The extension agreement could potentially apply to six projects. However, as of right now, only three projects have indicated that they will need an extension.

Please let me know if you have any additional questions.

Raquel

Hi Raquel,

A couple of clarifying questions to PUC Set 1:

- (1) The third project on the list (180.0 kW in Richmond) says COE Termination date 6/11/2020 – terminated and re-enrolled. Does this mean the project is no longer an affected project?
- (2) Please confirm the number of projects the proposed extension agreement would potentially apply to.

Thanks, Cindy
